ORDER

The Original Application is filed by the Chief Election Commissioner to permit the applicant to release the electronic voting machines used for the elections in No.36, Thoothukudi Parliamentary Constituency, Tamil Nadu challenged in the Election Petition No.3 of 2019.

2. The learned counsel appearing on behalf of the applicant made a submission that the Election Petition No.3 of 2019 has been filed to declare the election of the returned candidates, namely, the first respondent in the main petition from No.36, Thoothukudi Parliamentary Constituency, Tamil Nadu held on 18.04.2019, in which the results have been declared on 23.05.2019 as null and void. As a practice of caution, the Electronic voting machines are preserved during the pendency of the Election Petition, due to which it is blocked from usage in other elections.

3. The learned counsel for the applicant made a submission that in the present original application, the issue is regarding the improper acceptance of Nomination Forms by the Returning Officer. In other words, it is contended that the particulars furnished in the Nomination Forms are

improper and not in consonance with the provisions of the Representation of the People Act, 1951.

4. The learned counsel for the applicant reiterated that no issue raised regarding the counting of votes in connection with the functioning of the Electronic Voting Machines. Thus, there is no impediment for allowing the application to release the Electronic Voting Machines, which are now kept in pendency of the Election Petition.

5. The learned counsel appearing on behalf of the respondents have no serious objections for allowing the application, as they have admitted that there is no issue with reference to the counting of votes or in relation to the electronic voting machines utilised for casting votes.

6. In view of the fact that the respective counsels appearing on behalf of the respondents have no objection for allowing the application, this Court is inclined to consider the application.

7. Accordingly, the relief sought for in the present application to permit the applicant to release the electronic voting machines used for the
