KULDIP SINGH, J. (Oral)

This appeal has been filed for enhancement of compensation awarded by the Motor Accidents Claims Tribunal, Gurdaspur (in short 'the Tribunal') vide award dated 6.8.1998.

The petitioners' date of birth is 1.2.1973 as per his matriculation certificate. He was injured in a motor vehicular accident on 25.9.1992. As a result of accident, he suffered 80% disability of upper right limb as per the disability certificate dated 21.4.1994. The Tribunal awarded Rs.75,000/- due to injuries suffered by the petitioner in the shape of permanent disability. Rs.25,000/-has awarded for pain and suffering, Rs.10,000/-for special diet and Rs.20,000/-for loss of enjoyment and future prospects etc.

Learned counsel for the petitioner states that future loss of income has not been assessed and that the compensation on account of loss of future prospects of marriage has not been awarded.

I am of the view that for the 80% disability of the upper right limb, the compensation has been awarded in lump-sum for whole of the life. Therefore, no compensation for the future loss of income is to be awarded regarding the loss of marriage prospects. It is not shown that because of this injury, the claimant could not marry. The injury is partial disability of the upper right limb.

After going through the lower Courts file and judgment, I am of the view that adequate compensation is awarded alongwith interest @ 12% per annum. There is no scope of further enhancement.

The appeal is dismissed.
