Order of suspending mining operations is an appealable order. We, therefore, permit the petitioner to resort to his remedy of appeal before the appellate authority. In case such an appeal is filed within a period of one week from today, we direct that the appellate authority shall decide the same within a period of four weeks' thereafter. Needless to say if the appellate authority decides the matter against the petitioner he would have remedy of impugning the same. The appellate authority may also consider the fact that the petitioner has already deposited a huge sum of amount.

Present petition is disposed of in the above-said terms.
