1. This so-called Public Interest Litigation has been preferred with the following prayers:-

"It is, therefore prayed that this Hon'ble court may issue:

a) Writ order or direction in nature of Mandamus or any other appropriate writ; order or directions to the respondents Particularly Central and State Government to prepare the draft rules, regulations to maintain proper records with regard to the facility to be provided to the Delhi traffic Police with regard to clean drinking water, Sanitation and regular medical examination and checkup on monthly basis;

b) Direction to the ministry of home affairs as the main grievances and relief is sought against the aforesaid departments which comes under Union of India.

c) any other order or directions as the Hon'ble Court may deem fit and proper in the facts and circumstances of the case be also passed in favour of the Petitioner;

d) Cost of the Present Petition be also allowed in favour of the Petitioner and against the respondent. ”

2. It appears that for providing several facilities to the Delhi Traffic Police personnel, this petition has been preferred whereas the Delhi Traffic Police personnel, if any one of them is aggrieved by the action of the respondents for not providing any facility, can always approach this Court.

3. The respondents should take all care for their staff personnel such as to provide drinking water, sanitation and regular medical examination and check-up on a monthly basis. It is expected from the higher administrative officers of the respondents that they shall provide clean drinking water, sanitation and regular medical examination to Delhi Police personnel and, that too, on regular basis, in accordance with law, rules, regulations and Government policy. If there is any violation of such type of rules, regulations or Government policy, the police personnel can always approach appropriate authority or Court for redressal of their grievances in accordance with law.

4. With these observations, the writ petition is disposed of.
