THIS WRIT PETITION (CIVIL) HAVING COME UP FOR ADMISSION ON 03.12.2020, ALONG WITH WP(C).25824/2020(C), AND CONNECTED CASES, THE COURT ON THE SAME DAY DELIVERED THE FOLLOWING:

JUDGMENT

[WP(C).25824/2020, WP(C).26032/2020, WP(C).26040/2020, WP(C).26260/2020, WP(C).26277/2020]

The Moolathara Service Co-operative Bank Ltd. No. P-518, is a Primary Co-operative Credit Society registered and functioning under the provisions of the Kerala Co-operative Societies Act, 1969 (hereinafter referred to as 'the Act') and the rules framed thereunder. The election to the Managing Committee of the said Society is scheduled to be held on 13.12.2020.

2. W.P.(C) No.25824 of 2020 has been filed challenging the election notification on the ground that the Electoral Officer, in brazen violation of the statutory provisions, has tinkered with the election schedule fixed by the State Co-operative Election Commission and undermined the election process. In the said writ petition, several infractions to Rule 35A of the Kerala Co-operative Societies Rules, ('the Rules' for short) is highlighted and the prayer sought for is to quash the election notification; for a declaration that the election cannot be conducted on the basis of Ext.P1 notification as the Electoral Officer has

changed the schedule for election without any powers; and for incidental reliefs.

3. W.P.(C) No.26277 of 2020 is filed by the Managing Committee being aggrieved by the acts of the Electoral Officer in removing 1480 members who were included in the preliminary voters list from the final voters list and also for directions that the persons who are removed from the voters list are also entitled to be included in the final voters list to enable them to participate in the election process and to exercise their franchise.

4. W.P.(C) Nos.26260, 26032 & 26040 of 2020 are filed by certain persons who claim that they are also entitled to get membership of the society and that though their applications were submitted well within time as provided under Section 16(2) of the Act, they were kept out from the preliminary voters list. Their prayer is for a direction to the respondents 1 and 2 to issue membership to the petitioners within 60 days of receipt of the application and for a further direction to include them in the voters list.

5. The undisputed facts are that the Managing Committee of the Moolathara Society assumed charge on 26.7.2015 and the original term of 5 years expired on 25.7.2020. Due to the lockdown imposed by the Central Government, the election was deferred and the term of the

Managing Committee was extended by various orders and Circulars. It is stated that as the extended term is coming to an end, the Managing Committee decided to conduct the election to the Board of Directors on 13.12.2020 and a resolution was forwarded to the State Co-operative Election Commission under Rule 35A(1) of the Kerala Co-operative Societies Rules. The Election Commission issued a notification on 28.10.2020 to conduct elections to be held on 13.12.2020.

6. As per the schedule fixed by the Election Commission, the preliminary voters list was to be published on 11.11.2020 and objections to the preliminary voters list were allowed to be filed from 11.11.2020 to 19.11.2020. The consideration of the objections to the preliminary voters list were to be carried out at 11 a.m on 20.11.2020. The final voters list had to be published at 11 a.m. on 21.11.2020 and the date of filing of the nomination was on 30.11.2020 between 11 a.m. and 1 p.m. The scrutiny of nomination was to be held at 11 a.m. on 1.12.2020 and the last date for withdrawal of nomination was at 5 p.m. on 2.12.2020. The poll was to be held between 8 hrs and 4 p.m. on 13.12.2020.

7. It so happened that the Electoral Officer, the Assistant Registrar (General), Chittoor was appointed by the State Election Commission, Kerala, as the Returning Officer of the Vadakarapathy Grama Panchayat in connection with the elections notified to the Local Self

Government Institutions. On 20.11.2020, he published a notice in the vernacular dailies that being engaged in duties as the Returning Officer, the objection to the preliminary voters list would be taken up and considered between 11 a.m. and 1 p.m. on 24.11.2020. The petitioners in all these writ petitions contend that they were present in the office of the bank to raise their objections to the preliminary voters list and they were unaware of the postponement unilaterally by the Electoral Officer. Rule 35A(4) of the Rules mandate that the final voters list is to be published in Form No. 35 within 20 days prior to the date fixed for the poll. According to the petitioners, if 24.11.2020 is taken as the date for finalization of the voters list, the above rule would be violated as the election would have to be held on the 19th day of the finalization. The petitioners further contend that even if such an eventuality occurs, as per Rule 35A(3) only the Election Commission will have the jurisdiction to change the election schedule, that too, after publishing the same in two vernacular dailies. They also contend that candidates can submit nominations only after publishing the final voters list and due to the delay in finalizing the voters list, some of the petitioners who are candidates are grossly prejudiced. It is pointed out by the petitioner that after being appointed as the Returning Officer in one of the constituencies, the Electoral Officer, as early as on 13.11.2020, had submitted a request to the Election

Commission that owing to the said development and due to lack of personnel, it would not be possible to hold the election to the society as per the original schedule.

8. The Managing Committee of the bank in their writ petition has contended that the Electoral Officer has abdicated his duty and has tinkered with the election scheduled without any sanction or authority. They have contended that the said act was clearly against the statutory prescriptions. It is contended that the Electoral Officer had come to the office of the Society only at 11.30 a.m. on 24.11.2020 and at about 4.30 pm., he informed the Secretary of the Society that the Society had failed to produce documents with regard to the eligibility of 1480 members whose names have been detailed in the objections in 28 complaints submitted before him. At about 7.30 pm on the same day, the Returning Officer published the final voters list after deleting the names of 1480 members, who were included in the preliminary list of voters. They contend that the Electoral Officer was acting to the tunes of certain political higher ups. They contend that the preparation of the voters list is a fraud and power and the same cannot be countenanced. They further contend that the course adopted by the Electoral Officer is against the very tenets of democratic process and if allowed to stand would turn the election into a farce and nothing more. They also contend that the

election schedule cannot be rearranged or unsettled according to the whims and fancies of the Electoral Officer and the tinkering carried out by him cannot be ratified by the Election Commission.

9. In view of the contentions raised and to avoid any delay in the adjudication process, the Election Commission was directed to file a statement. In their statement, after narrating the schedule of election, it is stated that though the Electoral Officer had altered the election schedule, it was for an unavoidable reason as he was required to act as the Returning Officer by the State Election Commission to fulfil the constitutional mandate to conduct elections to the LSGIs. It is stated that had there been no election duty, the Electoral Officer would not have altered the appointed day for consideration of the objection to the preliminary voters list. It is further stated that the Electoral Officer had heard all the objections to the preliminary voters list on 24.11.2020 and after duly considering the objections, out of 7172 voters who found a place in the preliminary voters list 1443 persons were removed. The Commission would also state that there is no infraction of Rule 35A(4) as the date appointed for polling being on 13.12.2020 and the final voters list having been published on 24.11.2020, the same has been done within 20 days. They further state that the Apex Court, as well as this Court, has held that interference can be made in matters relating to election only if it

subserves the progress of the election and facilitates its completion and not in any other case.

10. I have considered the submissions advanced and have carefully perused the records.

11. The petitioners have rushed to this Court complaining of blatant infraction of the Rules. With the consent of all parties, the matter is taken up for final disposal.

12. It was by incorporating Section 28A in the Act, that the Government had constituted a State Co-operative Election Commission for the superintendence, direction, and control of the preparation of electoral rolls and for the conduct of all elections to Co-operative Societies including election to the President/Vice President and Representative General body. Simultaneously, Rule 35A was incorporated in the Rules providing for the procedure regarding conduct of election to the committee of societies by the State Co-operative Election Commission. In fact, the legislature wanted that the elections to the Co-operative Societies should be conducted by independent statutory authority, uninfluenced by any directions from either the Government or the Registrar of the Co-operative Societies in any manner, so as to ensure transparency in elections in the Co-operative Societies.

13. It would be apposite to refer to the relevant provisions in the

Rules at this juncture.

The election of the members to the committee of Societies by the State Co-operative Election Commission shall be conducted in the following manner:

14. There cannot be any manner of doubt that Rule 35A (1) (3) and (4) are mandatory (see **Jayavarma K. v. State Co-operative Election Commission and Ors.** [2017 (1) KLT 921]. Only the Election Commission can notify the details of election to the committee of the society in the manner prescribed in Rule 35A (3) of the Rules. It is in exercise of the said powers that the notification was published detailing the particulars as mandated therein. The preliminary voters list was published on 11. 11.2020 and the period provided for raising objections was from 11.11.2020 to 19.11.2020. As per the schedule, the objection of

the voters list had to be considered by the Electoral Officer on 20.11.2020. There are materials to suggest that the petitioners in W.P.(C) No. 25824 of 2020 approached the office of the Society and furnished their objection to the inclusion of certain voters in the preliminary voters list. Less said the better about the things that transpired on that day. The Electoral Officer, without the junction of knowledge of the Election Commission, published a notice in two vernacular newspapers informing the members that the objection to the voters list would be considered only on 24.11.2020. It is admitted by the Election Commission that it was not with their authorisation. The Electoral Officer has his own reasons for tinkering with the dates as he was appointed as the Returning Officer by the State Election Commission to the local bodies election of the Vadakarapathy Grama Panchayath. Astonishingly, as early as on 13.11.2020, he had issued a letter to the Election Commission pointing out all the above aspects and had sought for postponing the election as according to him a minimum of 50 employees are required to successfully hold the election. How the Election Commission responded to this request is anybody's guess.

15. Of course, the Election Commission in their statement has taken a stand that the Electoral Officer has tinkered with the notification as he had no other option and due to the exigencies. However, when the

Rules stipulate a definite procedure and time schedule, which even the Election Commission cannot tinker with, it stands to no reason to contend that the acts committed without jurisdiction by the electoral officer, can subsequently be ratified by the commission.

16. Furthermore Rule 35A (4) states that it is the duty of the Electoral Officer to publish the preliminary voters list in Form No. 34 in the Notice Board of the Head Office and branches, if any, of the Society and call for objections, if any, on the voters list within seven days of publication and publish final voters list in Form No. 35 within twenty days prior to the date fixed for the poll. The final voters list so prepared should be published in the Head Office and branches of the concerned society. In the instant case, the date of polling is on 13.12.2020 and if that be the case, the statutory requirement of a gap of 20 days will get reduced to 19 days due to the misadventure committed by the Electoral Officer. This is another clear infraction of the Rules and the Election Commission could not have ratified the same. The candidates will be able to submit their nomination only after the final voters list is published, and as per sub rule (6)(d) of Rule 35A of the Rules, only the candidates whose names are included in the final voters list can submit their nomination. As per the original schedule, the Electoral Officer had to publish the final voters list on 21.11.2020 and the last date of filing the nomination was on

30.11.2020. By the refixation of the schedule by the Electoral Officer, he was in a position to publish the final voters list in the office only on 25.11.2020 . This is yet another infraction of the Rules. The fixation of the time schedules in the original notification is for a definite purpose and it provides certainty to the election process. If one person alters the date to the disadvantage of the other stakeholders, it would certainly cause grave prejudice. In other words, if the dates are altered unilaterally, it would have a knock-on effect on the overall schedule.

17. I am unable to accept the submission of the standing counsel appearing for the Election Commission that these aspects can also be agitated before the forum constituted for deciding election disputes. It is quite unfortunate that the Election Commission takes such a stand in a case of instant nature and that too at the expense of maintaining the sanctity of the election process. If the act committed by the Electoral Officer is approved, it can become the norm and every Electoral Officer when faced with any difficulties in complying with the schedule, would be in a position to tinker with the election schedule in the manner he chooses. The election schedule is fixed by the Election Commission and if they are of the opinion that some alteration is required for subserving the election process, it is for the Commission to act in accordance with Rule 35A(3) of the Rules and that too by ensuring that the other provisions of

the Rules are not violated. By no means, the Electoral Officer can interfere with the schedule as has been done in the instant case. I have no doubt in my mind the said acts committed by the Electoral Officer against the statutory provisions, cannot subsequently be ratified by the Commission. When the Election Commission received a request from the returning officer as early as on 13.11.2020, requesting for adjoining the election, instead of sleeping over the same, they should have made appropriate arrangements. They could have very well acted as per the Rules and published an altered schedule instead of forcing the Electoral Officer to take up the mantle of rescheduling the date on his own.

18. When the legislature bestows statutory power on a public authority to do a thing in a particular way, the manner of doing the thing is mandatory or jurisdictional. In other words ,when a statute is passed for the purpose of enabling something to be done, and prescribes the formalities which are to attain the performance, those prescribed formalities which are essential to the validity of the thing done are called imperative or absolute, but those which are not essential and may be disregarded without invalidating the thing to be done are called directory. (Craies on Statute Law (6th Edn.) Page 63). The stipulations in Rule 35A (3) and (4) provisions of Rule 35A being mandatory, any deviation from the same without authorization cannot be accepted. It is trite that a

command to do a thing in a particular manner would imply a prohibition to do it in any other manner. when the provision directs acts or proceedings to be done in a certain way and indicates that a compliance with such provisions is essential to the validity of the act or proceedings, or requires some antecedent and pre-requisite conditions to exist prior to the exercise of the power, or be performed before certain other powers can be exercised, the statute may be regarded as mandatory. [See Crawford's Interpretation of Law (1989 reprint Page 515)].

19. In the case on hand, what disturbs the conscience of the Court is not relating to any minor breach of rule or matters with regard to the preparation of the electoral roll or an improper rejection of a nomination or the deletion of certain persons from the voters list. If that was the case, the petitioners could have been relegated to the Co-operative Arbitration Court and prefer an election petition. On the other hand, what is apparent is a blatant and brazen breach of the statutory provisions rendering the entire process into a farce. It needs no reiteration that gross prejudice would have been caused by the voters by the altering of the schedule.

20. The learned standing counsel appearing for the Election Commission reminded this Court that this Court should be slow to interfere

with election matters and the parties should be relegated to the forum constituted for deciding election disputes.

21. I am conscious of the principles laid down by the Apex Court in **Election Commission of India Vs. Ashok Kumar** [(2000) 8 SCC 216] wherein their Lordships had occasion to lay down the principles governing the jurisdiction of this Court to entertain petitions under Article 226 of the Constitution of India after commencement of electoral process. After taking into consideration of the decisions of the Constitution Bench in **N.P.Ponnuswami vs. Returning Officer, Namkkal Constituency** [AIR 1952 SC 64] and **Mohinder Singh Gill v. Chief Election Commissioner** [1978 (1) SCC 405], the Supreme Court held as hereunder: -

> 32. For convenience sake we would now generally sum up our conclusions by partly restating what the two Constitution Benches have already said and then adding by clarifying what follows therefrom in view of the analysis made by us hereinabove:
>
> (1) If an election, (the term election being widely interpreted so as to include all steps and entire proceedings commencing from the date of notification of election till the date of declaration of result) is to be called in question and which questioning may have the effect of interrupting, obstructing or protracting the election proceedings in any manner, the invoking of judicial remedy has to be postponed till after

the completing of proceedings in elections.

(2) Any decision sought and rendered will not amount to calling in question an election if it subserves the progress of the election and facilitates the completion of the election. Anything done towards completing or in furtherance of the election proceedings cannot be described as questioning the election.

(3) Subject to the above, the action taken or orders issued by Election Commission are open to judicial review on the well-settled parameters which enable judicial review of decisions of statutory bodies such as on a case of mala fide or arbitrary exercise of power being made out or the statutory body being shown to have acted in breach of law.

(4) Without interrupting, obstructing or delaying the progress of the election proceedings, judicial intervention is available if assistance of the court has been sought for merely to correct or smoothen the progress of the election proceedings, to remove the obstacles therein, or to preserve a vital piece of evidence if the same would be lost or destroyed or rendered irretrievable by the time the results are declared and stage is set for invoking the jurisdiction of the court.

(5) The court must be very circumspect and act with caution while entertaining any election dispute though not hit by the bar of Article 329(b) but brought to it during the pendency of election proceedings. The court must guard against any attempt at retarding, interrupting, protracting or stalling of the election proceedings. Care has to be taken to see that there is no attempt to utilise the court's indulgence by filing a petition outwardly innocuous but essentially a subterfuge or pretext for achieving an ulterior or hidden end. Needless to say that in the very nature of the things the court would act with reluctance and

> shall not act, except on a clear and strong case for its intervention having been made out by raising the pleas with particulars and precision and supporting the same by necessary material.

22. It has been held by the Apex Court in no uncertain terms that though the attempt of this Court must be to subserve the progress of the election and facilitate the completion of the election, the action taken or orders issued by Election Commission are open to judicial review on the well-settled parameters which enable judicial review of decisions of statutory bodies. It has to be shown that there has been a mala fide or arbitrary exercise of power or that the statutory body must be shown to have acted in breach of law. It is luculent that the provisions of the Rules governing the election to the society have been violated with impunity and the Electoral Officer has exercised powers which he does not have. The election Commission could not have ratified the acts as they themselves could not have acted in violation to the statutory provision. Instead of making corrections to save the situation the Election Commission has taken the easy way out by ratifying the acts of the Electoral Officer. I hold that there has been a manifest error in the exercise of power by the Election Commission in ratifying the acts of the Electoral Officer retrospectively. The said exercise is manifestly arbitrary and will

tantamount to an abuse of the provisions. Such exercise of power would stand vitiated as the order has been passed by the authority beyond the limits conferred upon the authority by the legislature. I am satisfied that if the election proceedings are permitted to go on by turning a blind eye to the illegalities perpetrated, it would amount to gross abuse of the process of law. Having considered the entire aspects, I am of the considered opinion that this is a fit case wherein this Court will be well justified in interfering with the election notification on the ground of illegality, irrationality and procedural impropriety.

In the result, the following directions are issued:

a) W.P.(C) No.25824 of 2020 will stand allowed and Ext.P1 election notification dated 28.10.2020 for conduct of election to the 4th respondent bank will stand quashed. Consequently, Ext.P4 communication will also stand quashed. It is held that the Electoral Officer has no jurisdiction to change the election schedule as fixed by the Election Commission. Consequently, the Society shall take steps to conduct the election and forward a fresh resolution to the Election Commission within a week and on receipt of the resolution, the Election Commission shall issue fresh notification to hold the election to the Managing Committee in strict compliance with the statutory provisions.

b) In view of the directions above, no further orders are required to be passed in W.P.(C) Nos.26277, 26032, 26040 and 26260 of 2020. The petitioners therein will be able to seek inclusion or exclusion in the fresh proceedings that is to be initiated.

c) Parties are directed to suffer their costs.
