### O R D E R

This writ petition has been filed for a direction to the respondents to consider the representations made by the petitioner and to refer the case for arbitration to the second respondent since the petitioner is seeking for enhancement of compensation for the lands acquired by the National Highway Authority.

2. It is seen from records that this Court had already passed an order in W.P.No.14136 of 2017, dated 07.06.2017, wherein a direction was issued to the third and fourth respondents to consider the representation made by the petitioner and refer the matter to the District Collector.

3. After the orders were passed by this Court, the third respondent had also sought for certain details from the petitioner and according to the petitioner all the details were furnished to the third and fourth respondents. According to the petitioner by not complying with the earlier order, the third and fourth respondents have committed a contempt. However the petitioner is only interested in pursuing with his remedy for enhancement of compensation. A detailed representation was also sent once again by the petitioner on 28.12.2019. According to the petitioner even this was not considered. Aggrieved by the same the present writ petition has been filed before this Court.

4. This Court has carefully considered the submissions made on either side and the materials available on record.

5. This Court had passed an earlier order in the year 2017 and that has not been complied with till date according to the petitioner. Taking into consideration the facts and circumstances of the case, the third and fourth respondents are directed to refer the matter to the second respondent within a period of four weeks from the date of receipt of a copy of this order and the second respondent shall thereafter consider the claim made by the petitioner for enhanced compensation within six months.

6. The petitioner is directed to make fresh representation to the third and fourth respondents along with all the relevant documents and a copy of this order.

7. This writ petition is disposed of with the above direction.
