O R D E R

Heard the learned counsel on either side.

2. This writ petition has been filed forbearing the contesting respondent from putting up high tension tower in the petition mentioned land.

3.It appears that the petitioner's land may be spared. But then the petitioner is not quite sure.

4.I make it clear that if the private respondent intends to put up any tower on the petition mentioned land and if the petitioner obstructs the same, the fifth respondent has to necessarily move the District Magistrate/first respondent for getting permission in terms of Section 16 of the Indian Telegraph Act 1885. Regarding the scope and ambit of Section 16 of the Act, I have already dealt with in order dated 07.08.2020 in W.P(MD).No.6319 of 2020. I have also held that if the land owners obstruct or resist, the licensee cannot carry out the works without getting permission from the District Magistrate.

5. This writ petition stands disposed of on the same lines. No costs. Consequently, connected miscellaneous petition is closed.
