O R D E R

The impugned transfer order has been passed pursuant to the observations made in the earlier writ petition filed by the petitioner herein in W.P(MD) No. 5330 of 2015, dated 15.07.2019. The observations are to the effect that in view of the interim order granted by this Court in the earlier writ petition the petitioner has been serving for more than three years and that the inconvenience caused to the Government servants in view of the transfer, cannot be a reason for interfering with a transfer order, which is made on administrative exigencies.

2.The present impugned order has also been passed on administrative exigencies and the reason assigned by the

petitioner in the present writ petition is that he has school going children studying in 10th and 8th standard and they are going to take their board examination in the months of March / April-2020. In view of the observations made by this Court in paragraph Nos.8 and 9 of the order made in W.P(MD) No. 5330 of 2015, such a ground may not be available for the petitioner to canvass in the present impugned transfer order, which has been passed pursuant to the earlier order of this Court.

3.Nevertheless this Court is of the view that when a Government employee, who has been serving under the respondents from 1997, has come up with an earnest request that he has school going children who are going to take their board examination in the months of March/April-2020, it is needless to point out that the present transfer might cause serious inconvenience to his young children, who are going to take their board examination. In view of the earlier order of this Court dated 14.06.2019, this Court is not in a position to extend such a sympathetic consideration. However, this sympathetic consideration is always available to the respondents to consider the same even without reference to the orders passed by this Court in the earlier writ petition in W.P(MD) No.5330 of 2015 as well as in the background of the observations made by this Court in the present order, since such a consideration would only be a positive consideration taken on sympathetic grounds on the ground of equity. This Court can only observe that if the petitioner herein makes any representation to keep the transfer order in abeyance till their children complete that board examination, the respondents shall consider it sympathetically.

4.In the light of the observations, the petitioner is granted liberty to make an appropriate application ventilating his grievances before the third respondent and on receipt of the same, the third respondent shall consider it on its own merits and in the light of the observations made above. However no interference could be extended to the present impugned order. Accordingly, this Writ Petition is closed. No costs. Consequently, connected miscellaneous petition is closed.
