Prayer: Writ petition is filed under Article 226 of the Constitution of India, to issue a Writ of Certiorarified Mandamus, to call for the records of the impugned order of the first respondent vide P.R.No.20387/A3/2020, dated Nil.09.2020 and to quash the same and further to direct the respondents to grant the replacement of vehicle bearing Registration No.TN 59 AF 1614 with vehicle bearing Registration No.TN 51 K 0715 in respect of the stage carriage permit of the petitioner on the route Madurai to Kalaiyarkoil.

For Petitioner : Mr.S.Govindraman

For Respondents : Mr.C.Ramar,
Additional Government Pleader

Heard the learned counsel on either side.

2.The petitioner is holding a valid stage carriage permit and it is plying on the route Madurai to Kalaiyarkoil via., Melur. The registration number of the vehicle is TN-59-AF-1614. The petitioner now wants to replace the said vehicle. He submitted an application in this regard. The same was rejected by the impugned order. Hence, this writ petition has been filed.

3.The petitioner's request is opposed by the respondents. They have also filed a detailed counter affidavit. I carefully considered the rival contentions and went through the materials on record. The primary objection of the respondents is that the petitioner's original vehicle namely., bearing Registration No.TN-59-AF-1614 was involved in Crime No.155 of 2012 registered on the file of Keelavalavu Police Station. The vehicle was also seized. The petitioner moved the jurisdictional magistrate and obtained interim custody of the vehicle subject to certain terms and conditions.

4.The stand of the respondents is that if the petitioner is allowed to replace the vehicle, the character of the vehicle will change from being a public service vehicle to an idle vehicle. I am not impressed by the aforesaid objection. The learned counsel for the petitioner drew to my attention to the relevant provisions set out in Tamil Nadu Motor Vehicles Rules. They are as follows:-

"201. Permit - replacement of vehicle application.

(1) If the holder of a permit desires at any time to replace a vehicle covered by the permit with another vehicle he shall forward the permit and apply in writing to the Transport Authority by which the permit was issued stating the reasons why the replacement is desired and shall-

(i) if the new vehicle is in his possession forward the certificate of registration thereof; or (ii) if the new vehicle is not in his possession, state any material particulars in respect of which the new vehicle will differ from the old.

(2) The fee payable in respect of an application for replacement of a vehicle by another vehicle, other than involving variation of permit and in respect of vehicles involving variation of permit shall be such fee as prescribed in rule 279

202. Rejection of application.- Upon receipt of an application under rule 201 the Transport Authority may in its discretion reject the application-

(i) if it has previous to the date of the receipt, of the application, given reasonable notice of its intention to reduce the number of transport vehicles of that class generally or in respect of the route or area to which the

permit applies; or

(ii) if the new vehicle proposed differs in material respects from the old; or

(iii) if the holder of the permit has contravened the provision thereof or has been deprived of possession of the old vehicle under the provisions of any agreement of hire purchase.

203. Procedure on granting replacement.— If the Transport Authority grants an application for the replacement of a vehicle under rule 201 it shall call upon the holder of the permit to produce the permit relating to the old vehicle and the certificate of registration of the vehicle if not previously delivered to it and shall correct the permit accordingly under its seal and signature and return them to the holder."

5.The learned counsel for the petitioner submitted that the petitioner has complied with all the requirements set out in Rule 201. There can be no dispute whatsoever that the petitioner is in possession of a new vehicle and he is also having the certificate of registration. In such a case, the application could have been rejected only on one of the three grounds set out in Rule 202. I sustain the contention of the petitioner's counsel that the reason for rejection will not fall under any of the three circumstances set out in Rule 202. The petitioner's counsel would point out that the discretion of the authority is circumscribed by Rule 202. The respondents cannot not invent a fourth ground for rejection of the application for replacement of the vehicle.

6.In the case on hand, it is true that the petitioner's vehicle was seized by the police and that it was returned pursuant to the orders of the jurisdictional Magistrate. The petitioner's counsel states that even after replacing the vehicle, he will continue to pay idle tax for vehicle and that he will comply with the conditions stipulated by the jurisdictional Magistrate.

7.The second respondent in his counter has claimed that if the vehicle is replaced, the character of the vehicle will get changed. When the jurisdictional Magistrate imposed a condition that the character of the vehicle should not be changed, he only meant that the vehicle as a physical object should be maintained as such. The learned Magistrate could not have meant anything else.

8.That apart the vehicle in question has become fairly old. If it is replaced by new vehicle, it will only benefit the passengers. The first respondent has not taken note of this relevant and vital aspect. Looked at from any angle, the order impugned in the writ petition is not sustainable. It is quashed. The writ petition is allowed. The respondents 1 and 2 are directed to permit the

petitioner to replace the petition mentioned vehicle by the new vehicle bearing Registration No.TN-51-K-0715. No costs. Consequently, connected miscellaneous petitions are closed.
