

C.R.R. 2397 of 2021

In the matter of:- **Somnath Majumdar**

Mr. Sumanta Das
....for the petitioner
Mr. Imran Ali
Ms. Ayantika Roy
...for the State

This is an application seeking expeditious disposal of a proceeding in which a charge-sheet was submitted under Section 21 (c) of the NDPS Act.

Let a copy of this application be served upon Mr. Imran Ali and Ms. Ayantika Roy, learned advocates, who are present in Court today and who ordinarily appear on behalf of the State. Their engagement may be regularised in due course by the competent authority of the State.

Learned counsel appearing on behalf of the petitioner submits as follows. The petitioner is an accused in this case. He is in custody since 08.09,2018, the date on which the FIR was lodged. Although the charge-sheet was submitted in February, 2019 and the supplementary charge-sheet was also submitted in February 2020, till date the proceeding could not be concluded. Out of 12 witnesses, only one witness has been examined till date. The proceeding has remained pending for no fault of the

present petitioner.

Learned counsel for the State submits that the State would not come in the way if a direction is passed to expedite the proceeding.

I have heard the submissions of the learned counsels appearing on behalf of the petitioner and the State and have perused the revision petition.

It appears that inordinate delay has been occasioned in concluding the proceeding, especially considering the fact that the petitioner is in custody since 08.09.2018.

In view of the above and in the interest of justice, I request the learned trial Court to conclude the proceeding as expeditiously as possible without granting any unnecessary adjournment to any of the parties, preferably within a period of ten months from the next date of hearing.

With these observations, the revisional application is disposed of.

Urgent photostat certified copies of this order may be delivered to the learned Advocates for the parties, if applied for, upon compliance of all formalities.

(Jay Sengupta, J.)
