Having considered materials on record and bearing in mind the prima facie involvement of the petitioner in tying a rope around the neck of the victim lady which is supported by medical evidence, we are of the opinion petitioner does not stand on the same footing with the co-accused who has been granted anticipatory bail. Hence, in view of the nature of offence and the prima facie involvement of the petitioner therein, we are not inclined to grant anticipatory bail to the petitioner.

Accordingly, the prayer for anticipatory bail is rejected.
