2. The petitioner is a registered Class - 1 contractor and he has also intended to participate in the tender called for by the respondent and one of the condition is that the participant must possess the machinery mentioned in the tender document and enclose a certificate containing all required machineries for the above said work. He is also having all the required machineries and the 4th respondent in the previous contract in September 2016 has also issued a certificate that the petitioner is having all the required machineries for the road work but this year, the certificate has not been issued so far.
