"5.It is submitted that the video recording of the 200 metres running event conducted at the said ground was perused and it was found that the lanes were properly demarcated and clearly visible, enabling the candidates to run in their respective track without crossing lanes. In case, the lanes were not visible, there would have been track changes by the candidates and the petitioners herein. All the 9 petitioners herein were disqualified from the said even as they had failed to complete the event within the stipulated time. None of the petitioners had crossed lanes but had completed the event in their respective tracks as against their allegation in the grounds of their writ petition. This precisely shows that the lanes were properly laid."

5.Considering the fact that 215 candidates who had participated in Physical Efficiency Test and about 121 candidates got qualified and 94 got disqualified, the relief claimed by the petitioner cannot be entertained. All the 215 candidates were subject to the same test and therefore the petitioner cannot claim any special right due to the change in the venue.
