2.The case of the petitioner is that the petitioner is a resident of Tiruppur District and he constructed a house in the year 2020. For construction of the building he engaged 4th respondent for supplying of concrete ready mix. Accordingly, he purchased 22.5m size of M20 Grade concrete mix from the 4th respondent. Thereafter, the whole building was completed in February 2021 and the house warming ceremony was done. Thereafter, during the rainy season there was a leakage on the roof and rain drops fell into the house and thereby the household articles got damaged. Thereafter, he made an enquiry with the Engineer and he came to know that due to the wrong proportion of the concrete mix, the roof of the building is started leaking. Thereby, the petitioner approached the 4th respondent and made a complaint for which, he apologized and he replied that, mistakenly substandard concrete mix was supplied to the petitioner, which was already prepared for the construction of adjacent wall "Noyyal River" under "Smart City" project and thereafter the petitioner realized that the substandard concrete mix was supplied to the Government and thereafter the petitioner made a complaint to the District Collector, who is the authority for taking care of the Government Schemes and he made a representation to the respondent to take appropriate action against the 4th respondent. However, till date no orders was passed. Hence, the present writ petition is filed.
