ORDER

This Writ Petition relates to HT bills in respect of specific months in 2020.

2. The petitioner states that the TANGEDCO has raised HT bills even during the lockdown period making a demand for demand charges as well as compensation charges towards low PF. In this regard, the petitioner relies upon the order passed by this Court in a batch of writ petitions, in which the lead petition is W.P.No.7678 of 2020. The petitioner draws the attention of the Court to the said order dated 14.08.2020 and it is pointed out that the said order was a detailed order which took into consideration all material facts, including proceedings of the TNERC and appellate proceedings before the APTEL. Upon such detailed discussion and analysis, it is pointed out that directions were issued in paragraph 45 of the said order. The petitioner states that this Writ Petition is covered by the said order and, therefore, the petitioner prays that orders be issued in terms of the said order.

3. TANGEDCO submits that the order of the TNERC pursuant to the lockdown during the first wave was carried in appeal before the APTEL. The APTEL granted an interim order whereby the order of the TNERC was stayed and proceedings before the APTEL are pending. The next contention of TANGEDCO is that Regulation 6(b) is not applicable as regards some months during which the relevant petitioner is claiming relief because there was no lockdown during the said month. The last contention of TANGEDCO is that the consumption by the petitioner exceeded the 20% specified in Regulation 6(b) of the Electricity Supply Code. For all these reasons, TANGEDCO submits that the relief prayed for should not be granted.

4. With regard to the pending proceedings before the APTEL, as correctly pointed out by learned counsel for the petitioner, the order of APTEL was issued in May 2020, whereas the order of this Court was in August 2020. Therefore, this Court took into account the proceedings before TNERC and APTEL before issuing the order. Consequently, the contention of TANGEDCO on such basis cannot be accepted. The contention of TANGEDCO that the consumption exceeded 20% is also taken care of by Regulation 6(b) which provides that "the Licensee may recover from the consumer minimum charges at 20% of the billable demand or recorded demand whichever is higher besides charges for the actual consumption of electricity". It is a different matter that TANGEDCO may still be able to maintain that there was no lockdown at all during a relevant month and that, therefore, Regulation 6(b) is not applicable in respect of such month. The said contingency is also provided for in the order dated 14.08.2020. It is brought to the

notice of the Court that appeals have been filed in respect of the order dated 14.08.2020 by the TANGEDCO and that the said appeals are pending before the Hon'ble Division Bench. Therefore, this order would also abide by the decision of the Hon'ble Division Bench, inasmuch as the order dated 14.08.2020 has been followed herein.

5. Therefore, keeping in mind the fact that a detailed order was issued by this Court on 14.08.2020 in W.P.No.7678 of 2020 and related cases and such order was the basis of several subsequent orders, I see no reason to depart from the view taken therein.

6. Accordingly, W.P.(MD).No.6982 of 2021 is disposed of in terms of the directions issued in paragraph 45 of the order dated 14.08.2020 in W.P.No.7678 of 2020 and related cases subject to the observations in paragraph 4 of this order. There will be no order as to costs. Consequently, W.M.P.(MD)No.5365 of 2021 are closed.
