Case taken up through video conferencing.

Admittedly, a civil writ petition filed by the present petitioner bearing CWP-12025-2004 is pending in this Court, which has been admitted for regular hearing. A part of the file in question has been summoned there, which has been ordered to be sealed so as to be opened and examined at the time of final disposal. If the petitioner feels that noting part of the file is relevant for determining that controversy, he may move application in that regard in the said writ petition.

With such observations, the present civil writ petition is disposed of accordingly.
