CORAM: HONOURABLE MR. JUSTICE RAJEEV RANJAN PRASAD
ORAL ORDER

3 29-06-2022 Four weeks time is granted to the learned counsel for
the petitioner to remove the defects.

This Court has heard learned counsel for the petitioner
on the review petition.

By order dated 17.04.2019 passed in CWJC No.2006

of 2019, the writ application was disposed of with certain observations and directions. After going through Annexure-5 to the writ application which was a report of the Sub-Divisional Public Grievances redressal Officer, Muzaffarpur this Court noticed that the transformer in question is standing on a government land and, therefore, there is no question of directing the respondents to remove the transformer, however other directions were issued to ensure safety and security of the petitioner if any electric wire is passing over the hut of the petitioner.

While placing the review application, learned counsel for the petitioner has come out with a new plea that the transformer is standing on the land of the petitioner. Learned counsel was called upon to demonstrate from the pleadings made in the writ application as to whether any such case was set up by the petitioner in the writ application. Learned counsel is unable to show from the writ application that any statement was made by the petitioner that transformer is standing on his land, rather in paragraph '4' of the writ application it is stated that petitioner and his other brothers have built their hut on 6 decimals of land and the transformer has been installed beside the hut.

No error apparent on the face of the record could be placed before this Court.

This review application has, thus, no merit. It is
dismissed accordingly.

(Rajeev Ranjan Prasad, J)
