APP for the State.

The petitioner seeks bail in a case registered for the offences punishable under Sections 341, 323, 504, 325, 307 of the Indian Penal Code and later on, Section 302 of the I.P.C. was also added.

The learned counsel for the petitioner submits that the informant alleges that while she along with her three years old son were going to the temple, the petitioner intercepted and forcefully took the child and dashed him thrice on the PCC road

and later, the child died. It is further alleged that reason for the occurrence is land dispute.

The learned counsel for the petitioner submits that petitioner has been falsely implicated in the case. The child fell from a roof and the informant took the same as an opportunity to implicate the petitioner with whom, she is having land dispute as it has been also alleged in the F.I.R.

The learned A.P.P. for the State opposes the bail application and submits that no mother would falsely implicate a person with regard to the death of her child.
