

CRR 351 of 2022

In the matter of : Jiyarul Sardar & Anr.

Mr. Soujanya Bandyopadhyay ... for the Petitioners

Ms. Debjani Sahu for the State

This is an application seeking an expeditious disposal of a proceeding in which a charge sheet was submitted under sections 21 (c) and 29 of the N.D.P.S. Act.

Let a copy of this revisional application be served upon Ms. Debjani Sahu, learned counsels who ordinarily appears on behalf of the State. She is requested to appear in this matter. Her engagement may be regularised by the competent authority of the State in due course.

Learned counsel appearing on behalf of the petitioners submits as follows. The petitioners are the accused in this case. They are in custody since 26.03.2020, the date on which the F.I.R. was lodged. A charge-Sheet was submitted in 2020. The prosecution seeks to examine seven witnesses in this case. A supplementary Charge-sheet was submitted in 2021. On 09.08.2021 charges were framed. Yet, till date not a single witness could be examined. The impugned proceeding has remained pending for no fault on the part of the petitioner.

Learned counsel appearing on behalf of the State submits that State would not come in the way if a direction is passed for an expeditious disposal of the proceeding.

I have heard the submissions of the learned counsels for the appearing for the petitioner and the State and have perused the revision petition.

It appears that some delay has been occasioned in concluding the trial, especially considering the fact that the petitioner is in custody since 26.03.2020.

In view of the above and in the interest of justice, the learned Trial Court is requested to conclude the trial as expeditiously as possible without granting any unnecessary adjournment to any of the parties, preferably within a period of ten months from the next date of hearing.

With these observations, the revisional application is disposed of.

Urgent photostat certified copy of this order, if applied for, be given to the parties, upon completion of requisite formalities.

(Jay Sengupta, J.)
