We admit the appeal.

As the point involved is very short, we dispose of it today itself, after dispensing with all formalities.

The only dispute with regard to the impugned judgment and order dated 29th September, 2022 is with regard to the authority which would consider the application or representation of the appellant.

We modify the impugned judgement and order dated 29th September, 2022 by directing that the

consideration in terms of that order would be done by the Collector (respondent no. 10) in consultation with the respondent no. 9.

The application shall be made with the respondent no. 10.

The appeal and the connected application are disposed of.
