kharab land.

5. Being dissatisfied by the compensation, the claimants filed Reference under Section 18 of the Land Acquisition Act. The Reference Court has held that the LAO has determined the market rate of the land on the basis of the assessment of land revenue which is held to be not just and proper. The Reference Court has observed that there were no sale transaction of Pulas and Chapeli on or about 28.4.1988. The Reference Court relied upon the sale transaction at Exhibits 25, 56 and 27 in respect of adjacent villages at Bambarde, Bibavane and Kerwada. Relying upon the sale deeds, the Reference Court held that these sale deeds indicate that the price of the land in adjacent villages was Rs.700/- to 800/- per Are in the year 1988. Based on these sale deeds, the Reference Court has enhanced the compensation to Rs.800/- per Are.

6. The genuineness of the sale deeds relied upon by the claimants was not disputed. The sale instances were in respect of the land in the adjacent village which was of similar nature, having similar advantages and disadvantages. The amount enhanced by the Reference Court is very meager. Considering this fact, and also considering the G.R. dated 3.11.2016, I am not inclined to interfere with the impugned judgment. Appeal is dismissed.
