ORDER

Challenge in the writ petition is to the impugned order in Letter No.1121/SLNA/2020 dated 12.08.2020 on the file of the respondent No.2 and quash the same as illegal to the extent of terminating the services of the petitioner from the post of Sociologist in Watershed Development Team Member and consequently to direct the respondents to retain the petitioner till the end of consolidation phase of the Integrated Watershed Management Programme -XV in Perambalur District.

2. The learned counsel for the petitioner submitted that similarly placed persons have filed writ petitions before the Madurai Bench of this Court in W.P.(MD)Nos.11052 of 2020 etc., batch and vide order dated 17.12.2020, this Court has passed the following order:

“16.Considering the fact that the petitioners are working for more than 10~15 years in the same project and considering the age of the petitioners and that the respondents being a welfare state, though it is not a matter of right for the petitioners to claim any legal right over the employment, it is

also the duty of the State Government to protect the interest of the petitioners to the extent of their survival, as the State has utilised their services extensively, they cannot go and seek for any new employment, thus, this Court is of the opinion that the respondents can utilise the services of the petitioners in the forthcoming new projects, as stated in the affidavit filed by the second respondent. The petitioners have already got rich experience in the said watershed project. No doubt, such rich experience will be useful for the respondents, in case of utilising their services in the forthcoming new watershed projects which will be beneficial not only for the respondents, but also the agriculturists.

17. Though this Court is not inclined to allow these writ petitions, as there is no merit, this Court is inclined to direct the respondents (a).to consider the petitioners, who are all already worked in the watershed projects, and give priority in employment to them, in the forthcoming new projects of the respondents; and (b).to consider the age relaxation, in the case of direct recruitment for watershed projects, to the petitioners, so as to enable them to participate in the process of direct recruitment. ”

The learned counsel for the petitioner therefore prays that it would be suffice, if similar orders are passed in the present writ petition also.
