1059, 1104 & 1102 of 2021, 1041/21	Mr.D.Sai Kumaran
893/21	Mr. G. Balachandar
1134/21	Mr.K.M. Subramanian
1/2022	U.Kathiravan

For Respondents in all the cases:

Mr.Hasan Mohamed Jinnah,
Public Prosecutor assisted by
Mr.S.Sugendran, G.A.(CrI. Side)
S.Udayakumar, G.A.(CrI. Side)

COMMON ORDER

The above Criminal Revision Cases have been filed by different petitioners challenging the orders passed by the court below at Nagapattinam rejecting the plea of the petitioners for return of vehicles, which are alleged to have involved in illegal sand mining, resultantly seized by the respondent police.

2. The cause of action for all the above Criminal Revision Cases arose at Nagapattinam District, where, on interception made by the authorities, the vehicles, which are sought to be released in the above cases were found involved in offences for having transported illegally quarried sand/savudu or caused damage to water bodies and thereupon, the respondent police had registered cases under Sections 379 IPC and Section 21(1) of the Mines and Minerals (Development & Regulation) Act, 1957, seized the vehicles in question and kept in the custody of the respondent police. The petitioners, having failed in their attempt to get an order from the court below for return of vehicles, have approached this court.

3. The sum and substance of the submissions of the learned counsel appearing for the respective petitioners is that the petitioners are innocents and false cases have been foisted against them and the vehicles seized are left idle in open space exposed to all weather conditions and thereby the value of the vehicles gets diminished causing heavy monetary loss to the owners of the vehicles and sought for release of the vehicles.

4. Per contra, learned Public Prosecutor would submit that the vehicles in question had been used for transportation of sand illegally and they had been duly seized by the respondent police and if the vehicles in all the cases have already been subjected to confiscation proceedings. He would submit that as per Section 21(4) of the of the Mines and Minerals (Development & Regulation) Act, 1957, whenever any vehicle is involved in such illegal transportation, it is liable to be seized by an Officer authorized/specially empowered in this behalf and as per Section 21(4-A) of the Act, any mineral, tool equipment, vehicle or any other thing seized under sub-section (4) shall be liable to be confiscated by an order of the Court competent to take cognizance of the offence under sub-section (1) and shall be disposed of in accordance with the directions of such Court and in such circumstances, it is the Special Court concerned, which can decide with regard to confiscation and disposal of the vehicles seized after initiation of confiscation proceedings. He would also submit that if the vehicles are returned at the moment, there is every probability of utilisation of the same for similar offences and thereby, he would vehemently oppose for

return of the vehicles at this stage.

5. The relevant details about the proceedings with regard to seizure of the vehicles in question, as gathered from the learned Public Prosecutor, are extracted, in a tabular column, hereunder:-

6. Heard the learned counsel appearing for the parties and perused the materials available on record.

7. The grievance expressed by the petitioners is that their vehicles are kept in open space exposed to sunlight and rain thereby the value of the vehicles gets diminished, as a result, they suffer a huge loss and they are ready to produce the vehicles before the authority as and when required.

8. No doubt, in several cases of similar nature, the courts used to release the vehicles involved in illegal mining of sand, of course, with stringent conditions. However, in these cases, the confiscation proceedings have been initiated. The relevant provisions regarding confiscation under the Act are extracted hereunder for ready reference:-

"21. Penalties -

(4) Whenever any person raises, transports or causes to be raised or transported, without any lawful authority, any mineral from any land, and, for that purpose, uses any tool, equipment, vehicle or any other thing, such mineral tool, equipment, vehicle or any other thing shall be liable to be seized by an officer or authority specially empowered in this behalf.

(4-A) Any mineral, tool, equipment, vehicle or any other thing seized under sub-section (4), shall be liable to be confiscated by an order of the court competent to take

cognizance of the offence under sub-section (1) and shall be disposed of in accordance with the directions of such court."

9. As stated above, in all these cases, the proceedings regarding confiscation of vehicles have been initiated before the Court concerned. It is relevant to note that in spite of cases, it has become a never ending story that on one side, the owners of the vehicles are being given interim custody considering the grievance expressed by them and on the other side, the same vehicles are involved in similar offences time and again.

10. The times of yore need a wind-up and perception requires a change as everything that has a beginning has an ending. The mother earth is our heritage, which has been inherited by us from our past generations without much damage and in fact with many developments, to enjoy all its treasures conserving all its goodness and not making any defacement under the guise of development, to be bestowed on our future generations.

Earth provides enough to satisfy every man's needs, but not every man's greed.-Mahatma Gandhi.

While the geologists proclaim that the age of the earth where we live now is 4.543 billion years, the ecologists expound that it is our responsibility to leave this planet in a better shape for the future generations than we found it, rather, to close our eyes on the cruelty being committed to our precious earth and take pride in our search for an alien planet with least infrastructure by spending huge money to survive afresh. In the present generation, the deterioration rate is at a new pace. We see perennial rivers that were once flowing with clean water are now converted into drainage channels to carry effluence.

11. In the year 1986 itself, the Apex Court, while dealing with a case of illegal mining on the Mussoorie Hills, a part of Himalayas, in Rural Litigation and Entitlement Kendra vs. State of U.P. (1986 (Supp) SCC 517, has made a stress on the maintenance of environment and ecological balance by focusing on the conflict between development and conservation and had observed as under:-

"19. We are not oblivious of the fact that natural resources have got to be tapped for the purposes of social development but one cannot forget at the same time that tapping of resources have to be done with requisite attention and care so that ecology and environment may not be affected in any serious way; there may not be any

WEB COPY

depletion of water resources and long-term planning must be undertaken to keep up the national wealth. It has always to be remembered that these are permanent assets of mankind and are not intended to be exhausted in one generation.

.....

20. Preservation of the environment and keeping the ecological balance unaffected is a task which not only Governments but also every citizen must undertake. It is a social obligation and let us remind every Indian citizen that it is his fundamental duty as enshrined in Article 51A (g) of the Constitution."

12. While dealing with an Appeal filed by the State of Madhya Pradesh against the order passed by the High Court releasing the vehicle, which involved in illegal excavation of sand from a restricted area of Chambal, the Apex Court in State of M.P. v. Uday Singh ((2020) 12 SCC 733), showing much concern about the alarming depletion of natural environment, analysing the intention of the legislature to have the confiscation as an effective deterrence and also reminding of the fundamental duty of every citizen as contemplated under Article 51-A(g) of the Constitution of India, has held as under:-

"30. The Madhya Pradesh amendments to the Forest Act, 1927 are infused with a salutary public purpose. Protection of forests against depredation is a constitutionally mandated goal exemplified by Article 48-A of the Directive Principles and the fundamental duty of every citizen incorporated in Article 51-A(g). By isolating the confiscation of forest produce and the instruments utilised for the commission of an offence from criminal trials, the legislature intended to ensure that confiscation is an effective deterrent. The absence of effective deterrence was considered by the legislature to be a deficiency in the legal regime. The State Amendment has sought to overcome that deficiency by imposing stringent deterrents against activities which threaten the pristine existence of forests in Madhya Pradesh. As an effective tool for protecting and preserving environment, these provisions must receive a purposive interpretation. For, it is only when the interpretation of law keeps pace with the object of the legislature that the grave evils which pose a danger to our natural environment can be suppressed. The avarice of humankind through the ages has resulted in an alarming depletion of the

WEB COPY

natural environment. The consequences of climate change are bearing down on every day of our existence. Statutory interpretation must remain eternally vigilant to the daily assaults on the environment."

13. It is relevant here to quote Article 48-A of the Directive Principles of State Policy which reads as under:-

"The State shall endeavour to protect and improve the environment and to safeguard the forests and wildlife of the country."

14. Article 51-A(g) of the Constitution of India emphasizes that:-

"It shall be the duty of every citizen of India to protect and improve the natural environment including forests, lakes, rivers and wildlife, and to have compassion for living creatures."

15. The Allahabad High Court, in a recent decision in Akhilesh Kumar vs. State of U.P. and another (in Application No.20096 of 2021 dated 4.3.2022), dealt with a question as to whether pending confiscation proceedings, the Magistrate/Court has jurisdiction to release any property which is the subject matter of confiscation and by referring the decision of a Division Bench of the same Court, has held as under:-

"6. Now the question is whether during confiscation proceedings under section 72 of U.P. Excise Act, the Magistrate is empowered to release the vehicle. In case of (Nand vs. State of U.P.) 1997 (1) AWC 41 and (Rajeev Kumar Singh vs. State of U.P. and ors) 2017 (5) ADJ 351, the learned Single Judge of this Court held that the Magistrate has jurisdiction while in the case of Ved Prakash vs. State of U.P. 1982 AWC 167 another Bench of this Court held that the Magistrate has no jurisdiction in the matter. The matter again came before another learned Single Judge of this Court and taking notice of the conflicting views the learned Single Judge referred the matter to Division Bench. The Division Bench in (Virendra Gupta vs. State of U.P). 2019 (6) ADJ 432 (DB), on the aforesaid reference formulated the following question:

"Whether pending confiscation proceedings under Section 72 of the U.P. Excise Act before the Collector, the Magistrate/

WEB COPY

Court has jurisdiction to release any property subject-matter of confiscation proceedings in exercise of powers under Sections 451, 452 or 457 of the Code of Criminal Procedure?"

7. The Division Bench interpreting the various provisions of Cr.P.C. and U.P. Excise Act and the law laid down by the Apex Court in (Sunderbhai Ambalal Desai vs. State of Gujarat), 2002 (10) SCC 283 and (State GNCJ of Delhi) vs. Narendra (2014) 13 SCC 100 answered the aforesaid question in para no.20 of the judgment which is reproduced as below:

"In view of the foregoing discussion, we find that the case of Ved Prakash (supra) lays down the correct law on the subject-matter of this reference and neither Nand vs. State of U.P., 1997 (1) AWC 41 or Rajiv Kumar Singh vs. State of U.P. and others, 2017 (5) ADJ 351 nor Sunderbhai Ambalal Desai vs. State of Gujarat, 2002 (10) SCC 283, can be said to be authorities on the power of the Magistrate to release anything seized or detained in connection with an offence committed under the 'Act' in respect of which confiscation proceedings under Section 72 of the U.P. Excise Act are pending before the Collector."

8. So the law has been settled by the Division Bench of this Court which has held that during confiscation proceeding, the Magistrate has no power under sections 451 or 457 Cr.P.C. to release the vehicle.

9. Learned counsel for the revisionist has placed reliance on the case of Chandra Pal vs. State of U.P. in Application U/s 482 Cr.P.C. No.1325 of 2021 decided on 21.02.2021 and Murad Ali vs. State of U.P. and two ors in Application U/s 482 Cr.P.C. No.21547 of 2021 decided on 23.11.2021. In the aforesaid case, the learned Single Judge has held that Magistrate has jurisdiction to release the vehicle during confiscation proceedings but in view of the law propounded by the Division Bench of Allahabad High Court this view cannot be adopted.

10. From the aforesaid discussion, it is clear

WEB COPY

that during confiscation proceedings, the Magistrate has no jurisdiction to release the vehicle seized under section 72 of U.P. Excise Act. The findings recorded by the learned Magistrate and upheld by the revisional court are according to law. There is no illegality or infirmity in the impugned order and the application U/s 482 Cr.P.C. is liable to be dismissed."

16. In the decision in *State of M.P. v. Uday Singh* ((2020) 12 SCC 733) cited supra, the Apex court has heavily come down against the anti-social elements that pose a danger to the natural environment and recognized the significance of confiscation proceedings as the effective deterrent measure to eradicate such hazards while dealing with the cases of illegal mining.

17. The Allahabad High Court, in *Akhilesh Kumar vs. State of U.P.* and another cited supra, when confronted with the conflicting decisions, clarified the issue based on the decision of a Division Bench of the same court and rendered a decision against release of the vehicle pending confiscation proceedings.

18. Once again coming to sub-section (4-A) of Section 21 of the Mines and Minerals (Development & Regulation) Act, 1957, it emphasizes that any mineral, tool, equipment, vehicle or any other thing seized under sub-section (4), shall be liable to be confiscated by an order of the court competent to take cognizance of the offence under sub-section (1) and shall be disposed of in accordance with the directions of such court, which means that disposal of the seized vehicles shall be in accordance with the directions of such Court viz., the Special Court.

19. It is seen that in the instant cases, the data produced by the learned Public Prosecutor shows that in all the cases, confiscation proceedings had already been initiated. Therefore, this court is of the view that in the interest of justice, it would suffice if a direction is given for conclusion of the confiscation proceedings within a time frame. Accordingly, while rejecting the plea for the release of the vehicles in question, it is hereby ordered that the confiscation proceedings shall be concluded within a period of six months from the date of receipt of a copy of this order and the petitioners/owners of the vehicles shall co-operate for conclusion of the confiscation proceedings without protracting any longer.

20. All the above Criminal Revision Cases are disposed of with the above observation and direction.
