HARSIMRAN SINGH SETHI J. (ORAL)

CM-4574-CWP-2020 in CWP-36164-2019

As prayed for, application is allowed.

CWP-27130-2019 (O&M) and other connected cases

The present order shall dispose of a bunch of writ petitions wherein, the petitioner(s) have prayed for the grant of promotional increments after completion of 23 years of service, which benefit has been declined to them on various grounds. In all the petitions, the same relief has been prayed for.

The benefit of promotional increment on completion of 23 years service was extended to the employees for the first time vide Finance Circular No.17/1990 dated 23.04.1990. In paragraph 2 of the said circular, certain conditions were mentioned for the grant of said promotional increment. The said circular also granted the benefit of placement in promotional scale after 9 and 16 years and conditions were mentioned in the said circular itself as to who are eligible for the grant of the said promotional scale after 9/16 years as well as promotional increment after completion of 23 years of service.

It is a conceded position that for the grant of promotional increment on completion of 23 years of service as per Finance Circular No.17/1990 dated 23.04.1990 passing of the departmental examination was not ascertained.

In the year 2010, the respondents-Board in its wisdom tried to impose the condition requiring passing of the departmental examination for the grant of promotional increment on completion of 23 years of service but with retrospective effect i.e from 01.01.1986 which act created a grievance

with the employees and the said retrospective amendment was challenged before this Court. The question before this Court, at the said point of time, was whether, the imposition of condition of passing of departmental examination, with retrospective effect, was within the jurisdiction of the respondents-Corporation or not. The said question of law ultimately came to be decided by the Division Bench of this Court while passing order in ***LPA No.997 of 2016 titled as Punjab State Power Corporation Limited Patiala and others versus Nirmala Rani and other connected cases, decided on 22.09.2016***. The relevant paragraph 26 of the judgment is as under:-

> "*26. In conclusion, therefore, we have no hesitation in holding that the withdrawal of the benefit for promotional increment as contained in Feature Nos. 7 and 8 of the original circular dated 23.04.1990 by the appellant authorities has no validity in the eyes of law qua those employees who had already become eligible for promotion as on 17.10.2010 and who otherwise were eligible for the same by virtue of the eligibility criteria in force till that date. Of course such deletion of Feature Nos. 7 and 8 would be valid prospectively as against the other class of employees, who did not meet up the prescribed criteria as noted in Para No.7 earlier, or had not yet put in the requisite length of service (23 years).*"

The retrospective imposition of the condition of passing of the examination was held to be bad but the passing of examination so as to become eligible for the grant of promotional increment after 23 years of service was allowed to operate with prospective effect only, i.e. from October 2010 onwards.

Apart from this, there have been changes in the eligibility conditions by the respondents-Corporation time and again wherein, certain

conditions, though initially were part of the Circular dated 23.04.1990, were later on deleted and certain conditions which were not part of the Circular dated 23.04.1990, were also included for deciding the eligibility for the grant of promotional increment to be granted after rendering 23 years of service.

The grievances which have been raised by the petitioners in the present writ petitions is on two accounts firstly, that the instructions which have been issued by the respondents-Corporation on 01.10.2018 by which, certain eligibility conditions have been deleted for the grant of promotional increment after 23 years of service including the condition of passing of the departmental examination, is being considered prospective in operation and not retrospective by the respondents-Corporation. The other grievance of the petitioners is on case to case basis with regard to their entitlement for the grant of promotional increment to the petitioners keeping in view the conditions which were prevalent on the date when an employee completed 23 years of service. Learned counsel for the petitioners submit that the petitioners who qualified all the eligibility conditions either on the date when they complete 23 years of service or on a subsequent date, however their claims have still been declined.

After arguing for some time, learned counsel for the petitioners submitted that the petitioners do not press their challenge to the instructions dated 01.10.2018 at this stage and will confine their argument to contend that the petitioners are entitled for the grant of 23 years promotional increment as the orders passed by the respondents-Corporation declining the said benefit is contrary to the facts, instructions prevalent at the relevant time as well as pronouncement of the competent Courts of law on the said

aspect.

The challenge to the instructions dated 01.10.2018 though raised but has not been pressed by the petitioners at this stage and therefore, no finding on the said aspect is being rendered by this Court.

Learned counsel appearing on behalf of the respondents-Corporation, who is being assisted by Mr. Naresh Kumar Sharma, Deputy Secretary, Finance, PSPCL, Patiala, submits that being a welfare corporation, the Corporation does not want to deny a legitimate claim of any of its employee in case covered under the rules/instructions. Learned counsel for the respondents submit that though, the claim of the petitioners have been declined by the authorities concerned, which order has been challenged by them in the present proceedings but, the corporation is not averse of reconsideration in case, any of the petitioners represents against the impugned order pointing towards any factual discrepancy in the order declining them the benefits. Learned counsel for the respondents-Corporation further submits that he has instructions to submit that the Corporation will consider the claim of each employee, who has approached this Court afresh keeping in view the instructions which were prevalent on the date of his/her eligibility for the grant of 23 years promotional increment.

Learned counsel for the respondents further submits that the only request of the Corporation is that the employee concerned should file appropriate claim bringing out the discrepancy, which according to them, is part of the impugned order, which needs consideration at the hands of the Corporation. Learned counsel for the respondents further submits that the grounds given for declining of the claim of the petitioner already, which

have been impugned in the present petitions, will not be taken as a ground *ipso facto* to decline the claim again without rendering appropriate consideration to the claim which will be raised by the petitioners and objection to the impugned orders, will be considered with open mind subject to the eligibility as envisaged under the instructions which were prevalent at the time when the said petitioners became eligible for the grant of promotional increment on completion of 23 years of service and appropriate speaking order will be passed in each case. Learned counsel for the respondents-Corporation further submit that in case after reconsideration, claim of any employee is found to be genuine, he/she will be granted the benefit and the impugned order passed will be suitably modified.

Learned counsel for the respondents further clarifies/submits that it may be a case that an employee might be ineligible on a particular date when he completes 23 years of service but in case he remains in service and thereafter, becomes eligible due to subsequent notification issued by the respondents-Corporation, the Corporation will consider his/her case on the said date of eligibility also.

This Court has been assured by the respondents that the orders already passed declining the claim of the petitioners will not be taken into account in case, an employee makes out a case for reconsideration of the same in the representation which is to be submitted after the passing of the order in the present case.

Proposal of reconsideration of the cases by the Corporation is accepted by the learned counsel appearing on behalf of the petitioner(s).

Keeping in view the above assurance given by the Corporation,

the impugned orders are not being set aside as Corporation has undertaken to reconsider the issue on case to case basis in case, the petitioners raise any grievance qua the same before the authorities concerned.

The petitioners are granted time upto 31.08.2022 to raise objections before the respondents-Corporation in respect of any orders, which have been passed by the respondents-Corporation declining them the grant of promotional increment after rendering 23 years of service.

The time limit for filing the objections has been set as the petitioners are in litigation since long and most of them have retired from service.

The present writ petitions are hereby disposed of with the direction to the respondents-Corporation that in case, any of the petitioners, raise any grievance, within the time limit specified hereinbefore, with regard to the declining of their claim by the authorities concerned by pointing out certain factual aspect or bringing to the notice of the authorities that they are eligible for the grant of the benefit of promotional increment after 23 years of service, the Corporation, as undertaken, will pass appropriate orders on their representation within a period of three months from the receipt of the same and in case, after passing of the order, the petitioners are found entitled for any benefit, the same be also released to them within a period of four weeks thereafter.

The present petitions are disposed of in above terms.
