Main cases (O&M)

These are review petitions filed for reviewing the order dated

18.01.2022 passed in main writ petitions.

2. No grounds for interference are made out.
3. Trite it is to say that review jurisdiction is to be exercised only when there is error apparent on record. Merely because certain arguments were not addressed in the manner they ought to have been, case cannot be re-argued under the garb of review, as is being done herein. Neither can the litigation be perpetuated by allowing fresh round of new pleadings under review jurisdiction. Based on the record and the pleadings, which were preferred at the relevant time I have already rendered my opinion. I see no grounds to review.
4. Dismissed.
5. Pending application(s), if any, shall also stand disposed of.
