Appearance :

For the Petitioner/s : Mr.Arbind Kumar Singh

For the Opposite Party/s : Mr.Dr.Mrityunjaya Kr.Gautam

CORAM: HONOURABLE MR. JUSTICE RAJIV ROY
ORAL ORDER

2 12-01-2023 Heard learned counsel for the petitioner and the

State.

The petitioner apprehends his arrest in connection with Khanpur P.S. Case No. 63 of 2022 for the offence registered under Sections 341, 323, 325, 379, 354 and 504/34 of the Indian Penal Code.

As per the FIR, allegation of assault is on the informant's side and due to land dispute, specific allegation against the petitioner is of causing head injury which has been found to be grievous in nature.

Learned counsel for the petitioner submits that though allegation against him is of causing injury on the head and which he concedes grievous in nature it cannot be ascertained in view of the free fight between the parties about who

assaulted, which led to the said injury.

Learned APP for the State, on the other hand, submits that the FIR clearly discloses that it was the petitioner who gave injury on the head which is grievous in nature and as such, he opposes the prayer for bail.

Taking into account the kind of allegation that has come against the petitioner, this Court is not inclined to grant him relief which is accordingly rejected.

If however, he surrenders before the Court concerned within a period of four weeks, the concerned Court shall take up the matter and dispose of the same expeditiously without being prejudiced by any observation made therein.
