There are existing disputes between the private parties.

Police complains are there in respect of such disputes.

An incident of assault took place, apparently, on May 11, 2023 at about 7 p.m.

The case diary does not contain any injury report of the injured.

The injured recorded a statement under Section 161 of the Code of Criminal Procedure where, he claims that he was in the hospital for a day.

The statements and the materials in the case diary does not suggest that the victim suffered grievous hurt.

In such circumstances, we grant anticipatory bail to the petitioner.

Accordingly, we direct that in the event of arrest the petitioner shall be released on bail upon furnishing a bond of Rs.10,000/-, with two sureties of like amount each, to the satisfaction of the arresting officer and also be subject to the conditions as laid down under Section 438(2) of the Code of Criminal Procedure, 1973 and on further condition that the petitioner shall cooperate with the Investigating Officer till the conclusion of the investigation and on condition that the petitioner shall appear on every date before the jurisdictional Court on and from the date fixed for appearance of the accused and in default the jurisdictional Court will pass appropriate order to secure the presence of the petitioner in Court including cancelling the anticipatory bail granted without further reference to this Court.

This application for anticipatory bail is, thus, allowed.
