By this application, the applicant seeks modification of the condition that the biological mother of the child be impleaded as a party.

2. An order of adoption results in the severance of the relationship between the biological parent concerned and the child and results in the creation of such legal relationship between the adoptive parent and the child. Such order cannot be passed without joining the biological parent as a party and providing an opportunity of hearing to such parent.

3. I see no reason to modify the earlier order. Consequently, the application is dismissed without any order as to costs.
