ceremony of the petitioner's child. Now, the extension of leave is sought for on the ground that the petitioner herself is suffering from anaemia and that she has breathing difficulty. The medical certificate produced before this Court shows that the petitioner is suffering from breathing problem due to anaemia. It is also stated that the petitioner underwent a surgery in 2020 and that she is now suffering from anaemia following the surgical procedure.

4.This Court does not find a proper cause for extension of leave. The petitioner's illness, even according to the petitioner, is anaemia. Anaemia is not a disease by itself, but it may be due to low haemoglobin levels, for which, the petitioner has to take medicines. Therefore, finding no merit in this petition, this Writ Miscellaneous Petition is dismissed.
