in W.P.No.18434 of 2018

S.VAIDYANATHAN, J.
AND
K.RAJASEKAR, J.

According to the petitioners/
proposed respondents, based on their
complaint, action has been initiated for
removal of the encroachments, which
fact has been refuted by the writ
petitioner.

In order to give a quietus to the
matter and to ascertain as to whether
public road has been encroached or not,
apart from other encroachments that
have been alleged by the official
respondents, we feel that the
petitioners/proposed respondents are the
necessary parties for effective
adjudication of the matter. Therefore,
this petition is allowed.

Registry is directed to carry out
the amendment in the Cause Title.
