ORDER

Heard the learned counsel on either side.

2.The writ petitioner wants this Court to forbear TANGEDCO from installing or drawing high tension lines over the petition mentioned survey number.

3.The learned standing counsel for TANGEDCO contended that in view of Section 164 of the Tamil Nadu Electricity Act, 2003, consent from the writ petitioner is not required. He also relied on the

decision of the Hon'ble Apex Court reported in *AIR 2020 SC 1921*

(Century Rayon Limited Vs IVP Limited and Others). No doubt, the said decision is in favour of TANGEDCO. However, the provision contemplates grant of permission by the Government. I called upon the learned standing counsel to produce the copy of the order passed by the Government under Section 164 of the Act.

4. When the matter was taken up for hearing today, such an order could not be produced. It is however stated that the District Collector has been empowered to grant permission under Section 164 of the Act. No order from the District Collector has also been produced. In these circumstances, I have to necessarily allow the writ petition.

5. At this stage, the learned counsel for the fifth respondent submitted that through the survey number in question, the lines can be drawn through two routes. According to him, the writ petitioners are raising objections only in respect of one route and not through the other route. I make it clear that with the consent of the writ petitioners, the dedicated lines can very well be drawn in favour of the fifth respondent.

6.The writ petition is disposed of accordingly. No costs.

Consequently, connected miscellaneous petition is closed.
