**RAJESH BHARDWAJ, J. (Oral)**

Present writ petition has been filed for directing the respondents for making provisions for drainage of water from the agricultural land of the petitioners on account of water being released from colonies in the Ambala Cantt. area as the same is causing tremendous loss to the standing crops in the agricultural land of the petitioners. Further prayer has been made for directing the respondents to decide the representations (Annexures P-1 to P-3 and P-5) submitted with the respondents wherein their attention has been brought to the standing water in the village and respondent No.5 has been requested to create a provision for the water exit pulley (culvert) in the proposed ongoing village road which is being constructed.

Learned counsel for the petitioners has fairly submitted that grievances raised by the petitioners regarding making the provision for drainage of water from the agricultural land of the petitioners have been redressed by the respondents authorities by making one culvert. He submits that in the situation, there may be necessity of second culvert as well but he fairly submits that as on date, the grievances raised have been redressed.

Learned State counsel has submitted that reply has already been filed and culvert has already been made.

In view of the above position, the present petition is disposed of as infructuous. However, the petitioners would be at liberty to avail their remedies in accordance with law if any further cause of action arises.
