ARCHANA PURI, J

The present appeal has been filed by the appellants/claimants-Manjit Kaur and Rachhpal Singh, challenging the Award dated 01.11.2012, passed by learned Motor Accident Claims Tribunal, on account of death of their son, namely, Harshanpreet Singh, on 26.09.2011, in a motor vehicular accident. He was struck by the motorcycle bearing registration No.PB-02BE-4426, driven by respondent No.1-Jobanpreet Singh @ Joban.

On appraisal of the evidence adduced, learned Motor Accident Claims Tribunal, had awarded compensation to the extent of Rs.2,15,000/- to the appellants.

Feeling dissatisfied with the awarded amount, the appellants-claimants have filed the present appeal for seeking enhancement of

compensation.

So far as, the fact of accident and manner of its taking place as well as the liability of the driver as well as owner, are concerned, it is pertinent to mention that no appeal has been filed by the persons, so made liable, to challenge the Award and thus, findings so arrived, have attained finality.

In this backdrop, learned counsel for the appellants-claimants submits that the compensation, so granted by learned Tribunal, is a meagre amount. A consolidated amount of Rs.2 lakh has been granted, besides, the funeral expenses. However, it is submitted that no compensation has been granted, while taking into account, loss of dependency, loss of consortium and towards loss of estate. As such, it is submitted that keeping in view the same, the amount so granted requires extensive enhancement.

On the other hand, learned counsel for the respondents has refuted the claim of the appellants-claimants, while asserting that no satisfactory evidence has been led to seek compensation, as now impressed upon and thus, he submits that the appeal sans merit and deserves to be dismissed.

Reverting to the computation of compensation, in the case in hand, a child, aged 4 years, had died. The compensation granted by learned Tribunal is lumpsum amount of Rs.2 lakh. Besides the same, an amount of Rs.15,000/- has been granted, on account of funeral expenses.

It is pertinent to mention that Hon'ble Supreme Court in case titled as ***'Kishan Gopal and another v/s Lala and others, 2013(4) RCR (Civil) 276'***, while considering the death of a child, aged 10 years took the

notional income of the deceased as Rs.30,000/- and applied multiplier of **'15'** and compensation came to be Rs.4.5 lakh. Rs.50,000/- was given towards love, affection, funeral expenses and last rites. The accident in that case, related to the year 1992.

Even, Hon'ble Supreme Court in case titled as ***"Kurvan Ansari alias Kurvan Ali and another v/s Shyam Kishore Murmu and another, Civil Appeal No.6902 of 2021 decided on 16.11.2021"*** was considering the case of death of 7 years old child, in a motor vehicular accident, which took place in the year 2004 and made certain observations, which are as under:-

> *"11. As the claim was made under Section 163-A of the Motor Vehicles Act 1988, since the deceased child was not an earning member, the Tribunal has considered notional income as per Schedule–II for the purpose of fixing compensation. The Tribunal has awarded compensation by taking notional income of the deceased at Rs.15,000/- per annum by applying multiplier '15', awarded compensation of Rs.2,25,000/- towards loss of dependency with interest @ 6% per annum from the date (2009) 14 SCC 1 (2014) 1 SCC 244 (2020) 7 SCC 256 of judgment. When the appeals are preferred by the Insurance Company as well as the appellants herein, by the impugned common judgment, the High Court has dismissed the appeal preferred by the Insurance Company, and in the appeal preferred by the claimants, while confirming the compensation awarded for loss of dependency at Rs.2,25,000/-, has awarded a further sum of Rs.15,000/- towards funeral expenses and accordingly granted a total compensation of Rs.2,40,000/- with interest @6% per annum payable by respondent No.2 - Insurance Company and by permitting it to recover the same from Respondent No.1 - owner of the motorcycle.*

> *12. In the judgment in the case of Puttamma & Ors., this Court has observed that the Central Government was bestowed with the duties to amend Schedule-II in view of Section 163A(3) of the Motor Vehicles Act 1988, but it failed to do so. In view of the same, specific directions were issued to the Central Government to make appropriate amendments to Schedule-II keeping in mind the present cost of living. In the said judgment, till such amendments are made, directions were issued for award of compensation by fixing a sum of Rs.1,00,000/- (Rupees one lakh only) towards compensation*

>
> *13. In the case of R.K. Malik & Anr. also, this Court has observed that the notional income fixed under Section 163-A of the Motor Vehicles Act, 1988 as Rs.15,000/- per annum should be enhanced and increased as the same continued to exist without any amendment since 14.11.1994. In the case of Kishan Gopal & Anr. where the deceased was a ten years old child, this Court has fixed his notional income at Rs.30,000/- per annum.*
>
> *14. In this case, it is to be noted that the accident was on 06.09.2004. In spite of repeated directions, Schedule-II is not yet amended. Therefore, fixing notional income at Rs.15,000/- per annum for non- earning members is not just and reasonable.*
>
> *15. In view of the judgments in the cases in Puttamma & Ors., R.K. Malik & Anr. and Kishan Gopal & Anr., we are of the view that it is a fit case to increase the notional income by taking into account the inflation, devaluation of the rupee and cost of living. In view of the same, the judgment in the case of Rajendra Singh & Ors. relied on by the learned counsel for respondent No.2-Insurance Company would not render any assistance to the case of the insurance company."*

In view of the aforesaid observations, the Court took the notional income of the deceased child as Rs.25,000/- per annum and applied multiplier of '15' as prescribed in Schedule-II, for the claims under Section 163A of the Motor Vehicles Act, 1988 and worked upon the amount as Rs.3.75 lakh towards the loss of dependency. Besides the same, Rs.40,000/- each was given to the claimants, who were two in number, towards filial consortium and Rs.15,000/- was given towards funeral expenses. The total compensation was worked upon as Rs.4,70,000/-.

In the latest authority on the subject titled ***'Meena Devi v/s Nunu Chand Mahto @ Nemchand Mahto and others, 2022(4) RCR (Civil)***

553' the Hon'ble Supreme Court had considered the case of death of 12 years old child, in a motor vehicular accident and while granting compensation had observed that the principle laid down in case of ***Kishan Gopal's case (supra)***, are aptly applicable to the facts of the case (in hand), and thus, took the notional earnings as Rs.30,000/- including future prospects and applying the multiplier of **'15'** in view of the decision of the Court passed in ***'Smt.Sarla Verma vs. Delhi Transport Corporation and anr., 2009(3) RCR (Civil) 77'***, the loss of dependency was worked upon to be Rs.4,50,000/- and addition of Rs.50,000/- was made under conventional head and thus, the total compensation was worked upon as Rs.5,00,000/-

Considering the aforesaid, now reverting to the case in hand. Be it noted that even though, the offending vehicle was not insured and Award has been passed only against driver and owner of the offending vehicle, but however, they have also not challenged the Award. The accident in the case in hand, has taken place in 2011. Considering the date of death in ***Kishan Gopal's case (supra)***, the value of rupee has come down drastically.

Taking into consideration, all the aforesaid factors, the notional income, in the case, in hand, can safely be taken to be Rs.30,000/- per month. Thus, considering the age of the parents, the multiplier to be applied in the case, in hand, as per guidelines laid down in ***Sarla Verma's case (supra)***, is '**15**' and so calculating, the loss of dependency comes to be Rs.4,50,000/-.

Besides the aforesaid, amounts are to be paid on conventional heads, namely, loss of consortium and funeral expenses as held in ***'National***

Insurance Company Limited vs. Pranay Sethi and others, 2017(4) RCR (Civil) 1009'. In ***'Magma General Insurance Company Limited vs. Nanu Ram @ Chuhru Ram and others, 2018 (18) SCC 130'***, the concept of consortium, has been dilated in detail, wherein, it has been held that filial consortium is the right of the parents to compensation, in case of accidental death of a child. An accident leading to the death of a child causes great shock and agony to the parents and family of the deceased. The greatest agony for the parents is to lose their children for lifetime. Children are valued for their love, affection, companionship and their role in the family unit. Therefore, on account of filial consortium also, compensation is to be granted.

In ***Pranay Sethi's case (supra)***, the extent of consortium which should be paid is stated to be Rs.40,000/-, for funeral expenses, it is Rs.15,000/-, which requires 10% enhancement, after a period of three years, which has since passed by. In the given circumstances, on account of filial consortium, the parents-appellants, are entitled to the compensation of Rs.44,000/- each. Besides the same, Rs.16,500/- is to be paid as funeral expenses. Thus, loss of dependency comes to be Rs.4,50,000/-, filial consortium comes to be Rs.88,000/- (Rs.44,000/- to each of the appellant) and Rs.16,500/-, as funeral expenses. Therefore, the total comes to be Rs.5,54,500/-.

In view of the aforesaid discussion, the present appeal is allowed. The amount of compensation is enhanced to Rs.5,54,500/- from Rs.2,15,000/-. The remaining terms of the Award shall remain the same.

If the earlier awarded amount had already been paid, the same

shall be deducted from the enhanced compensation and the difference of the awarded amount, now shall be paid by the respondents, within a period of six weeks from today onwards, failing which, they shall be liable to pay interest, at the rate of 6% per annum, from the date of filing of the appeal, till realization of the difference of the enhanced amount.
