2. The trial court has dismissed the aforesaid application on the ground that the defendant has been given ample opportunities to produce the documents but she has miserably failed to produce the same in the given time.

3. The documents sought to be produced in additional evidence are either a part of the revenue record maintained by the Government or copies of the orders passed by the competent authorities in exercise of their powers under the law governing the agricultural land. Apart therefrom, there is a registered transfer deed. Such documents carry presumption of correctness of the deed. The trial court could have allowed the defendant to produce the documents subject to payment of some costs. However, it would not be appropriate for the trial court to deny opportunity to the defendant to produce the documents only on the ground of delay. As already noticed, the application was filed the next day from the date when her evidence was closed.

4. Keeping in view the aforesaid facts, the revision petition is allowed subject to payment of costs of Rs. 1,000/- to be paid to the opposite party by the petitioner. The defendant shall be permitted to

produce the aforesaid documents within a period of 15 days, from today. The plaintiff will get opportunity to produce evidence in reply of additional evidence and thereafter, the court will proceed to decide the case.

- 5. The Revision Petition stands allowed.
- 6. All pending applications, if any, are also disposed of.
