3] The learned APP submits that custodial interrogation of the applicant is necessary in the matter as

he held the neck of the victim and stretched the injury caused by the co-accused.

4] Considering that the injury caused is by sharp weapon on the neck of the complainant and the injury is on the vital part of the complainant and that *prima facie* the applicant along with other accused was directly involved in the alleged crime, the custodial interrogation of the applicant is necessary in the matter.
