CORAM : URMILA JOSHI-PHALKE, J.

DATED : 11/07/2024

1. The applicant came to be arrested on 13.10.2023 in connection with Crime No.301/2023, registered with Police Station, Jaulka, District Washim for the offences punishable under Sections 302, 201 and 120-B of the Indian Penal Code.

2. The crime is registered on the basis of report lodged by Anil Dhonduji Sonune brother of the deceased on an allegation that on 09.10.2023 at about 11.00 a.m. when he was working in his field, his relative namely Narayan Katekar informed him that some person assaulted his brother and set him on fire. It was further informed that, they are taking the victim to the hospital and asked the informant to reach. Thereafter, the informant along with his relatives approached to the hospital and found that

deceased Dilip Sonune was lying unconscious. He has sustained the injuries on his head and other parts of the body, subsequently, he was declared dead. On the basis of the said report, police have registered the crime against the present applicant.

3. It is further alleged that there was a previous dispute between his brother and his uncle Ramdas Sonune on account of agricultural land and litigations were pending in the Court also. The FIR is lodged against the unknown person on suspicion that some unknown person has assaulted the deceased by means of weapon and thereafter, thrown some substance on his person and set him on fire. On the basis of the said report, police have registered the crime against the unknown person.

4. During the investigation, the informant and the other witnesses have raised suspicion against the present applicant, who is the son of Ramdas Sonune as there was a previous dispute between the family members of the deceased and the present applicant. Therefore, the applicant was arrested.

5. During the investigation, the various statements are recorded. The memorandum statement of the accused is also recorded at his instance, the weapons are also recovered and after completion of the investigation the charge-sheet is submitted.

6. Learned Counsel for the applicant Mr. Jaltare submitted that merely on suspicion the present applicant is arrested. As far as the investigation part is concerned, there is absolutely no material and direct evidence available with the investigating agency to show that the present applicant was present at the spot of incident and assaulted the deceased and caused to his death.

7. He invited my attention towards the communication of the investigating agency with the Judicial Magistrate First Class which shows that after lodging the FIR also the investigating agency has communicated with the Court that some unknown person has committed the murder of the deceased, but there was a previous dispute between the present applicant and the family members of the deceased and therefore, they are suspecting that the death of the deceased is caused by the present applicant.

8. He further invited the attention towards the various statements of the witnesses and submitted that these statements of the witnesses show that they have witnessed two persons covering their face by masks and wearing the clothes i.e. blue colour pant and black colour jacket by one person and blue pant and checked shirt by one person. He submitted that said clothes are not recovered as per the memorandum statement. These clothes were

thrown by them in one agriculture field. The statement of the owner of the said agriculture field shows that he has set the agriculture field on fire to uproot the earlier particles of the cultivation, therefore, the clothes were also burned in that incident. He submitted that thus, the clothes which were persons of the assailant, were not at all recovered.

9. The another circumstance on which the prosecution relied upon is the statement of one Raheman who has allegedly identified the present applicant, during the identification parade. He submitted that the identification parade is held after one and half months of the said incident and there is no material to show that precautions are taken by the investigating agency while producing the present applicant before the Court or while taking him out of the lock-up for the purpose of discovery of the facts of the articles. Thus, this evidence as to the identification parade is also not helpful to the prosecution to show the involvement of the present applicant in the alleged offence. Thus, he submitted that in absence of any direct evidence against the present applicant to connect him with the alleged offence merely because there was a previous dispute is not sufficient. Now, the investigation is already completed, charge-sheet is filed, further incarceration of the present applicant is not required and therefore, the applicant deserves to be released on bail.

10. Learned APP strongly opposed the said application on the ground that there was a motive for the present applicant to commit the murder of the deceased. He submitted that during the investigation the Investigating Officer has recorded the statement of the wife of the deceased as well as various witnesses, who have described the description of the clothes of the assailants as well as the description of the persons. The assailant is identified by the witnesses during the identification parade. The incriminating weapons are also recovered at the instance of the present applicant. Thus, sufficient material is there to connect the present applicant with the alleged offence. Considering the gravity of the offence and manner in which the deceased was eliminated by the present applicant, the bail application deserves to be rejected.

11. Heard learned Counsel for the complainant. He reiterated the said contentions and submitted that considering the gravity of the offence and the manner in which the deceased was eliminated as well as there was a motive for the present applicant to commit his murder and the statements of the witnesses showing his presence at the spot of incident sufficiently shows his involvement in the alleged offence. Though investigation is completed, there is apprehension of tampering of the witnesses, in view of that, the application deserves to be rejected.

12. After hearing the learned Counsel for the applicant, learned APP for the State and learned Counsel for the complainant, perused the entire investigation papers. Admittedly, there is no direct evidence available to show the connection of the present applicant with the alleged offence. The entire case is rested on the circumstantial evidence. Initially, the First Information Report was lodged against the unknown person and after registration of the offence, the suspicion was raised against the present applicant as there was a previous dispute on account of the land.

13. During the investigation, the Investigating Officer has recorded the relevant statements of the witnesses. Out of that, the statement of Anupriya @ Bebitai Dilip Sonune has stated before the Investigating Officer that some unknown person has eliminated her husband by assaulting him and by setting him on fire. But, she is having suspicion against the present applicant. Thus, statement also shows that till recording her statement on 10.10.2023, they were having suspicion regarding the involvement of the present applicant in the alleged offence. The Investigating Officer has also recorded the statement of one Anushka Pramod Ladkar who stated that on the day of the incident, when she was returning from the school, he has seen two persons near the Bordi village near one stream and said persons were wearing helmets and average

build. One of the assailants was wearing a black colour jacket and blue colour pant and another person was wearing the faint colour shirt and blue colour pant. The same description is disclosed by Nikhil Daulat Gudade also, who added that said persons have assaulted the deceased by means of iron pipe. One more witness Raheman Shah Ahmad Shah has also described the similar description of the clothes of the deceased. The statement of these witnesses shows that the assailants were covering their faces by the military colour masks. Admittedly, the said Nikhil was not at fault for the identification parade.

14. The said identification parade was held on 08.12.2023 when the incident was occurred on 09.10.2023. Thus, the identification parade was held after one and half months. Though the investigating agency relied upon the identification Parade, but there is no material placed on record by the investigating agency to show that from the date of arrest till the holding of the identification parade, the precaution was taken by them while producing the present applicant before the learned Magistrate as well as while taking out from lock-up for the purpose of the discovery or recovery of the weapons by covering his face. Admittedly, the iron pipes are recovered at the instance of the present applicant on the basis of his statement. No blood stains appear to be found on the said weapons.

15. Thus, considering the material which is collected during the investigation, admittedly this is not a stage, wherein the quality of the evidence is to be assessed or discussed, but for considering whether there is a *prima facie* material against the present applicant or not this reference of this material is required. After going through the material collected during the investigation, at this stage, is insufficient to show the involvement of the present applicant in the alleged offence. Even considering the material which is in the circumstantial in nature. Now, the investigation is already completed, charge-sheet is filed and further incarceration of the present applicant is not required. In view of that, the application deserves to be allowed. Accordingly, I proceed to pass following order:

ORDER

(i) The applicant **Satish s/o Ramdas Sonune** shall be released on bail in connection with Crime No.301/2023, registered with Police Station, Jaulka, District Washim for the offences punishable under Sections 302, 201 and 120-B of the Indian Penal Code, on executing PR bond in the sum of Rs.25,000/- with one solvent surety in the like amount.
