the work. This was done more than three years ago. The grievance of the petitioner is that till date, the bill amount has not been paid. That led to filing of this writ petition.

3. It is not in dispute that the concerned authorities have written to the chief engineer for allotment of funds. Since the work order was issued to the petitioner and work had also been completed, there is absolutely no justification in delaying payment. Explanation given by the respondents is unacceptable. I therefore direct R1 & R3 to settle the petitioner's bill amount with interest at the rate of 6% per annum within a period of ten weeks from the date of receipt of a copy of this order.

4. The Writ Petition is allowed. No costs.
