ORDER

The writ petition has been filed to direct the respondents 2 and 3 to consider the petitioner's representation dated 17.07.2023.

2. It is the grievance of the petitioner that patta proceedings have been changed without notice to the petitioner. According to him, the petitioner is in possession of the property. Therefore, he has given a representation to the respondent. Since the same has not been considered so far, he is before this Court.

3. I have considered the rival submissions and perused the materials available on record.

4. From the representation of the petitioner, it would indicate that there are several transactions already taken place in the subject property and document has been registered. Without challenging the registered document, now the petitioner wants to revive the patta proceedings. Hence, this Court is of the view that as long as the document has not been challenged in the manner known to law, mere direction to the 2nd respondent to consider the patta proceedings will not serve any purpose. It is for the petitioner to approach the competent civil Court to cancel the same.

5. The writ petition is disposed of with the above direction. No costs.
