

placed on record and another copy has been handed over to learned counsel for the petitioners.

It has been submitted by learned counsel for respondents No.3 and 4 that the petitioners are now liable to comply with the terms and conditions of the sanction granted today. He has fairly submitted that the petrol pump would be desealed subject to statement made by counsel for the petitioners that they would not resume functioning of the petrol pump till they obtain completion certificate.

Learned counsel for the petitioners have submitted that the petitioners would comply with the terms and conditions as enumerated in the sanction order, but the petrol pump which has been sealed, may be desealed. They submit that the petitioners would not resume functioning of the petrol pump unless they comply with the terms and conditions of the sanction order issued by respondent-MC.

Learned counsel for respondents No.3 and 4 has further submitted that enquiry dated 27.12.2023 is also under progress before the Deputy Commissioner, Ludhiana on the issue whether the petitioners are running petrol pump in the residential area.

However, learned counsel for the petitioners have vehemently opposed the same and have submitted that this enquiry is not part of the sanction order issued today. They have further submitted that the enquiry has been initiated at the behest of another petrol pump owner and is the result of business rivalry.

In view of the above submissions made by respective counsel, the present petitions are disposed of with a direction to the respondent-MC to desal the petrol pump forthwith. However, the petitioners would not

resume the functioning of the petrol pump till they obtain completion certificate as has been submitted by counsel for the petitioners.
