Harsimran Singh Sethi, J. (Oral)

1. In the present petition, claim of the petitioner is that the petitioner is entitled for clearing the efficiency bar so as to fix his pay.

2. It may be noticed that there was an adverse entry in the annual confidential report of the petitioner for the year 1985-86 against which, the petitioner filed a representation, which had already been dismissed. Even the civil suit filed by the petitioner challenging the said adverse entry in the annual confidential report of the petitioner for the year 1985-86 has been dismissed and even the regular second appeal filed by the petitioner before this Court has been dismissed.

3. That being the factual position, once the adverse entry in the annual confidential report of the petitioner for the year 1985-86 has been upheld, service record of the petitioner was not such so as to allow crossing

of the efficiency bar as being claimed by the petitioner in the present petition.

4. Keeping in view the facts and circumstances recorded hereinbefore, no case for interference by this Court is made out and the present petition is accordingly dismissed,

5. Civil Miscellaneous application pending, if any, is also disposed of.
