

CWP-8832-2024

[1]

**IN THE HIGH COURT OF PUNJAB & HARYANA
AT CHANDIGARH.**

(210)**CWP-8832-2024****Date of Decision: 18.11.2024**

UNION OF INDIA AND ORS.

.....Petitioners

Versus

NO. JC 301435N, EX. SUB BALJIT SINGH AND ANR.

...Respondents

**CORAM: HON'BLE MR. JUSTICE SURESHWAR THAKUR
HON'BLE MRS. JUSTICE SUDEEPTI SHARMA**

Argued by: Mr. Angel Walia, Senior Panel Counsel
for the petitioner(s)/UOI.

Ms. Roopan Atwal, Advocate and
Ms. Srishti Sharma, Advocate for
Mr. Navdeep Singh, Advocate for respondent No. 1.

SURESHWAR THAKUR, J.

1. Through the instant writ petition, the petitioner(s)/Union of India, prays for the setting aside of the orders dated 24.01.2023 (Annexure P-5), as passed by the learned Armed Forces Tribunal concerned, whereby the claim of respondent No.1 for the grant of disability pension was allowed.

Factual Background

2. Respondent No. 1 joined Army on 18.04.1991 in a fit state of health. During the course of his service, he incurred the disabilities of **(i) Primary Hypertension (P-10) (ii) DYSLIPIDEMIA (E75.6)) and (iii) MEGALOBLASTIC ANEMIA (D53) & (iv) IMPAIRED GLUCOSE TOLERANCE (E 14)** and was discharged from service on 30.04.2019. At the time of discharge, his disability was assessed @ 60% (composite) for life by the Medical Board.

CWP-8832-2024

[2]

3. The disability element claim of the respondent was rejected by the Competent Authority, thus on the ground that the supra disabilities were neither attributable to nor being aggravated by rendition of military service.

4. Respondent No. 1 filed appeal on 08.10.2020 against the afore rejection order. However, the same was rejected by the Appellate Committee vide order dated 11.12.2020. Thereafter, though respondent No.1 filed second appeal dated 15.03.2021, but the same has also been rejected by the Appellate Committee vide order dated 17.11.2021. Thereafter again respondent No.1 file another appeal in February, 2022 against the afore rejection order, however, the same was replied by the competent authority on 12.03.2022, stating that all remedies of preferring an appeal against rejection of disability pension claim, had been exhausted by the respondent and further any appeal made by him is untenable.

5. Feeling aggrieved, respondent No.1 filed O.A., before the learned Armed Forces Tribunal concerned, whereby he cast a challenge to the afore said rejection order(s). The said O.A., became allowed vide order dated 24.01.2023. The operative part of the said order is extracted hereinafter.

“ XXXX XXXX XXXX XXXX XXXX XXXX XXXX

Considering the law laid down by the Hon’ble Supreme Court and also the attending circumstances, the rejection of the claim of the applicant disability pension is neither legally nor factually sustainable. The applicant, therefore, is entitled to the grant of disability element of disability pension.

*For all the reasons, hereinabove, this application succeeds and the same is accordingly allowed. The order under challenge is accordingly set aside and quashed. The respondents are hereby directed to grant the disability element of disability pension. The arrears by rounding off the disability @ 75% as against 60% as per rounding of Policy held by the Hon'ble Apex Court in **Civil Appeal No.418 of 2012 titled Union of India and others Vs. Ram Avtar decided on 10.12.2014**, from the day next to the date of discharge of the applicant from service i.e.30.04.2019 be calculated and released to him within a period of three months from the date of receipt of certified copy of this order by learned Senior Panel Counsel/OIC Legal Cell, failing which together with interest @ 8% from the date of this order.”*

6. Feeling aggrieved from the aforesaid order as passed upon the O.A. (supra), by the learned Armed Forces Tribunal concerned, the petitioner-Union of India has filed thereagainst the instant writ petition before this Court.

Inferences of this Court.

7. Before proceeding to make an effective adjudication upon the present writ petition, a useful assistance for determining whether the befallment of any disease vis-à-vis any member of the defence personnel, but post his being enrolled in the army, despite at the initial stage, upon his becoming enlisted, as a member of the combatant defence establishment, rather the same remaining undetected, yet the apposite eruption, thus post enlistment hence being construable to be either congenital or being construable to become aggravated or being attributable to military service, thus is acquired, from, the principles set forth in the judgment rendered by the Hon'ble Apex Court, in case titled

as ***Dharamvir Singh Vs. Union of India***, reported in **(2013) 7 SCC 316**. The relevant paragraphs of the said verdict are extracted hereinafter.

“29. A conjoint reading of various provisions, reproduced above, makes it clear that:

(i) Disability pension to be granted to an individual who is invalidated from service on account of a disability which is attributable to or aggravated by military service in non-battle casualty and is assessed at 20% or over. The question whether a disability is attributable or aggravated by military service to be determined under “Entitlement Rules for Casualty Pensionary Awards, 1982” of Appendix-II (Regulation 173).

(ii) A member is to be presumed in sound physical and mental condition upon entering service if there is no note or record at the time of entrance. In the event of his subsequently being discharged from service on medical grounds any deterioration in his health is to be presumed due to service. [Rule 5 r/w Rule 14(b)].

(iii) Onus of proof is not on the claimant (employee), the corollary is that onus of proof that the condition for non-entitlement is with the employer. A claimant has a right to derive benefit of any reasonable doubt and is entitled for pensionary benefit more liberally. (Rule 9).

(iv) If a disease is accepted to have been as having arisen in service, it must also be established that the conditions of military service determined or contributed to the onset of the disease and that the conditions were due to the circumstances of duty in military service. [Rule 14(c)].

(v) If no note of any disability or disease was made at the time of individual's acceptance for military

service, a disease which has led to an individual's discharge or death will be deemed to have arisen in service. [14(b)].

(vi) If medical opinion holds that the disease could not have been detected on medical examination prior to the acceptance for service and that disease will not be deemed to have arisen during service, the Medical Board is required to state the reasons. [14(b)]; and

(vii) It is mandatory for the Medical Board to follow the guidelines laid down in Chapter-II of the "Guide to Medical (Military Pension), 2002 – "Entitlement : General Principles", including paragraph 7,8 and 9 as referred to above.

30. We, accordingly, answer both the questions in affirmative in favour of the appellant and against the respondents."

8. An incisive reading(s) of the above extracted principles, though pointedly declare, that when a disability becomes entailed upon any member of the combatant defence establishment, and which is to the extent of 20 % or over, thereupon, though any such disabled member is required to be invalided from the Army, but yet he is required to be assigned the benefit of disability pension.

9. Nonetheless, the assignment of disability pension to any member of the combatant defence establishment, who becomes entailed with a disability in a quantum of 20% or more, but imperatively requires a declaration from the Medical Board, rather candidly pronouncing that the said attained disability being attributable to or becoming aggravated by military service. The said declaration becomes enjoined by the "*Entitlement Rules for Casualty Pensionary Awards, 1982*" of Appendix-II (Regulation 173).

CWP-8832-2024

[6]

10. Furthermore, though thereins a presumption is assigned *vis-à-vis* the sound physical and mental health of any member of the defence establishment concerned, especially when at the stage of his becoming enrolled, there is no note or record about his becoming beset with any disease. Moreover, though thereins there is also a further presumption, that when any deterioration theretos, thus occurs subsequently, thereby the said happening of deterioration(s) or onsettings of any disease, rather is to be presumed to be a sequel of his rendering service as a member of the defence establishment. Imperatively, the onus for proving the non endowments qua benefits (supra) *vis-à-vis* the concerned, but is rested on the employer, and in case, the said onus remains un-discharged, thereupon, the claimant becomes entitled to receive disability pension. Moreover, all the facts and circumstances attendant to the rendition of service by the concerned, are to be closely scrutinized, thus for declaring whether the onset of any disease *vis-à-vis* the concerned, is a sequel qua renditions of military service and/or the same being aggravated by or being attributable to military service.

11. Be that as it may, thereins becomes also set forth a further principle(s) that yet there can be denial of disability pension to the concerned, but only upon :

a) At the time of acceptance of the concerned in military service, some notings becoming recorded by the Medical Board *vis-a-vis* his being beset with a disease which however, becomes concluded to be yet not rendering him unfit to become enlisted.

b) Any further deterioration thereof, may also subsequently become concluded by the Medical Board, to

CWP-8832-2024

[7]

not arise from rendition of military service nor being attributable to military service, rather the same being a congenital disease.

12. Further, if the medical opinion holds that the disease could not have been detected on medical examination of the concerned being made, thus prior to his becoming enlisted in service, thereupon, the same will not be deemed to have arisen during service, yet in the situation (*supra*), the Medical Board is required to state the reasons for so concluding.

13. Moreover, it is also declared in *supra*, that it is mandatory for the Medical Board to follow the guidelines laid down in Chapter-II of the "Guide to Medical (Military Pension), 2002 – "Entitlement : General Principles".

14. Therefore, it has to be now determined whether in terms of the above principles, whether at the time of enlistment of the present respondent in the Army, thus after a preliminary medical examination being made *vis-a-vis* his health, thus a note became recorded about some disease besetting him and/or whether some note became appended that the said disease was in a dormant stage. Moreover, it is also required to be determined, from the facts at hand, whether there is a causal nexus inter-se the eruption of the disease, and/or the onsettings thereof, on to his person, thus post the enrollment of the present respondent taking place, *vis-a-vis* the active renditions by him of military service, wherebys, this Court may conclude that the onset of the disease but rather was a sequel of his rendering service in the Army and as such was attributable or became aggravated by his rendering military service.

15. In addition, it is also required to be gathered from the records, whether the Medical Board, did initially proceed to make a detailed incisive antecedental check, particularly appertaining to the advent of the disease, through employments of State of Art medical techniques, thus unveiling the block chain genetic connection, wherefroms, rather the disease became sourced. Moreover, if the said employment fails. Resultantly, therebys it may become concluded qua eruptions thereof, thus subsequent to the apposite enlistment taking place, rather was not congenital but owed its origin to rendition of military service besides it being attributable to or becoming aggravated by performance of military service. Contrarily, if the supra employed techniques at the stage of apposite enlistment taking place, thus by the Medical Board concerned, leads to a conclusion, that there are rather dormant incidences of any disease, but yet the said dormant disease not prohibiting the enlistment of any personnel in the army, navy or air force. Resultantly the subsequent active detection/eruption thereof, during the course of rendition of military service, but would naturally lead to a well conclusion by the Medical Board, that its active eruption but became sourced from an effective causal genetic connection wherebys there would be denial of disability pension.

16. However, now in the said endeavour, this Court is required to be extracting the contents of the opinion hereinafter, as became recorded by the Appellate Committee On First Appeals

<i>Sr. No.</i>	<i>Disability(ies)</i>	<i>Reason(s)</i>
(a)	PRIMARY HYPERTENSION	In the instant case, onset of the disability was while the individual was posted in a peace station,

		and at the time of Release Medical Board, individual was asymptomatic on medication with no evidence of target organ damage. Hence the disability is conceded as neither attributable to nor aggravated by military service in terms of Para 43, Chapter VI of Guide to Medical Officers-2002, Amendment 2008 and Entitlement Rules 2008.
(b)	DYSLIPIDEMIA	The disability is metabolic disorder with genetic as well as dietary factors. There was no service related factors in the onset or progression of the disability. Hence, the disability is conceded as neither attributable to nor aggravated by military service.
(c)	MEGALOBLAST IC ANEMIA	In the instant case, the individual has been posted in peace station, ruling out dietary compulsion as a cause of the invalidating disease. The individual has been adequately managed for megaloblastic anemia and shown satisfactory response to neurobion, metacobalmin tablets alongwith autrin and folic acid. Further no other cause for megaloblastic anemia is evident on perusal of the medical documents. Hence, the disability is conceded as neither attributable to nor aggravated by military service.
(d)	IMPAIRED GLUCOSE TOLERANCE	In the instant case, as authenticated posting profile enclosed, onset of disability occurred

		while the individual was serving in peace area he continued to serve in peace arrears till the time of discharge from service. Hence, the disability is conceded as neither attributable to nor aggravated by military service in terms of Para 26, Chapter VI of Guide to Medical Officer-2002, Amendment 2008 and Entitlement Rules 2008.
--	--	---

17. A reading of the records reveals that at the time of the apposite enlistment taking place rather no note became made in terms of the principles (supra) declared by the Hon'ble Apex Court in case titled as *Dharamvir Singh Vs. Union of India (supra)* by the Medical Board, that some disease which however, did not forbid the present respondent, to become enlisted in the Army, did make its preliminary onsettings. If so, the declaration of law in judgment (supra) that therebys there is a presumption that the incurring of the said disease was a sequel of rendition of service, is required to be favourably endowed vis-a-vis the respondent. Though the said presumption is rebuttable but the onus to lead evidence to rebut the said presumption became cast upon the petitioner. However, the said cast evidence adducing discharging onus vis-a-vis the respondent, rather for cogently rebutting the said presumption, but naturally also did cast an onerous duty also upon the Medical Board, to engage itself in the endeavour of unearthing, through employments of the State of Art block chain genetic causal connection technique(s), wherebys it may became unraveled that the onsetting of the disease onto the army personnel, became sourced from antecedental genetic family history. Moreover,

therebys it was also required to be stated in the medical opinion, that the disease but for a well formed reason rather was a congenital disease and became neither aggravated by nor became attributable to military service.

18. However, a reading of opinion (supra), discloses that it has been recorded in a stereo typed form and no reasons have been recorded to the extent (supra). Reiteratedly, since no evidence to rebut the presumption (supra) has been led by the petitioner, therebys, this Court is constrained to give no weightage to the opinion of the medical board, as extracted (supra). Conspicuously, therebys no credence can be assigned to the supra ill informed reason, besides therebys the onsetting of the disease cannot be said to be a sequel of antecedental genetic family history. Contrarily, it is required to be declared to arise from rendition of military service. In addition, it is required to be declared to be attributable or becoming aggravated by rendition of military service by the present respondent.

19. Moreover, though it is stated therein that the disease(s) occurred while service became performed by the defence personnel rather in a peace area, but since there is no express mandate in the relevant regulations, which makes the onsettings of the disease(s) in a peace area, to not beget a further sequel that as such, it's onsettings did not arise from the rendition of military service nor it became aggravated by rendition of the military service. In consequence, the lack of the said express mandate in the regulations, does constrain this Court to conclude, that even if the onsettings of the said disease(s) upon the present respondent thus occurred in a peace area, thereby, the said

CWP-8832-2024

[12]

onsettings are to be declared to become aggravated by or being attributable to rendition of military service.

20. Further, since in terms of the judgment rendered by the Apex Court, in case titled as '*Union of India Vs. Ram Avtar*', reported in **2014 SCC Online 1761**, wherein, a declaration is made to the extent, that the benefit of rounding off, rather has to become endowed to the concerned. Resultantly also thereunders an indefeasible right became vested in the present respondent for his seeking qua the apposite roundings off being made in his favour.

21. Even otherwise since the declaration of law made in verdict (supra) makes the said declaration to be an expostulation of law in rem, thereby, the expostulation of law in rem, as made in verdict (supra) also makes the thereunders conferred benefits vis-a-vis the defence personnel concerned, to, *prima facie*, also entitle the concerned, thus to at any time seek the granting of the endowments as made thereunders, and that too, in the fullest complement, as spelt thereunders, besides irrespective of the bar, if any, of delay and laches.

22. Therefore, the granting of the benefit of the apposite roundings off, in terms of the verdict (supra) rendered by the Tribunal concerned, also does not suffer from any illegality and is required to be upheld.

Final Order of this Court.

23. In aftermath, this Court finds no merit in the writ petition and with observations above, the same is dismissed.

24. The impugned order, as passed by the learned Tribunal concerned, is maintained and affirmed.

CWP-8832-2024

[13]

25. Disposed of alongwith all pending application(s), if any.
