accused Khalid. He further proved arrest of accused Islamuddin on 04.10.2016; and that of accused Saleem and Surrender on 16.10.2017 and proved the disclosure statements and recovery memos pertaining to them.

8.9 PW-6 E/ASI Umar Mohd. and PW-7 Ct. Saleem corroborated the version of PW-8 ASI Ajit Singh.

Statement of accused under Section 313 Cr.PC.:

9. After conclusion of the investigation by the prosecution, all the incriminating circumstances appearing in the evidence were confronted to the 06 accused namely Khalid son of Shahid Ahmad, Aabid, Saleem, Khalid son of Hanif, Islamuddin and Surrender. They controverted the same and pleaded innocence. They closed the defence evidence.

10. After hearing both the sides, all the six accused as named above were convicted and sentenced by Ld. Trial court, as per the details given earlier vide judgment/orders dated 08.02.2019/12.02.2019, against which the six appeals have arisen.

11. At the outset, it may also be mentioned here that one of the accused Hayyum, who had been earlier declared proclaimed offender on 08.10.2018, was later on produced in the Court on 25.03.2021 and after holding separate trial *qua* him, said Hayyum was acquitted vide judgment dated 20.02.2023, as informed during arguments.

Contentions raised for the Appellants – accused :

13.1 It is contended on behalf of the appellants by learned counsels that entire story as projected by the prosecution is highly doubtful and that prosecution utterly failed to prove connection of any of the accused with the crime and that the conviction has been recorded by the Trial Court based upon conjectures, surmises and inadmissible evidence.

13.2 It is contended that though as per the prosecution version, the senior police official of the rank of Inspector, who himself was posted as SHO in Police Station Sector-29, DLF, Gurugram, was allegedly abducted in broad daylight at about 11:30-12:00 noon on 30.06.2016 but still the FIR has been lodged on the next day i.e., 01.07.2016 at about 12:30 p.m. i.e., after more than 24 hours delay. Attention is drawn towards the statements of PW-8 ASI Ajit as well as PW-10 SI Raj Kumar that they had come to know about the abduction on the same day i.e., 30.06.2016 at about 11:00-12:00 in the noon. PW-10 has

gone to the extent that abduction of the SHO was being flashed in the media channel You Tube. Still not even a DDR was recorded regarding the alleged crime.

13.3 Learned counsels further contended that no evidence is adduced that any entry regarding his movement on 30.6.2016 from Police Station Sector-29, Gurugram was made by complainant- Insp. Surender Singh in the DDR register nor there is any evidence that any of the senior police officers took any action on 30.06.2016, when the complainant did not reach to attend the meeting and when the alleged abduction of SHO came to their notice. It is also pointed out that though complainant was freed at about 09:00 p.m. on 30.06.2016 as per his statement but he did not make any effort to contact anybody including his senior officers on that day and rather, reported the matter for the first time by appearing in his own police station at about 12:00 in the noon of 01.07.2016.

13.4 Still further, it is argued that though as per the FIR version, it is four persons, who had abducted the complainant- Insp. Surender but prosecution has built up its case against as many as 09 accused, out of whom 07 were sent for trial and 02 have not been arrested till date and that in his testimony, complainant has not disclosed, as to which of the four accused had abducted him.

13.5 Further attention is drawn towards the fact that first arrest was

made by the police on 29.07.2016 of accused Khalid son of Shahid, Aabid and Hayyum but no effort was made to hold any Test Identification Parade or to get them identified from the complainant, as to whether these accused had participated in the crime, inasmuch as these accused were arrested simply on the basis of secret information. Not only this, even after the other accused were arrested from time to time, no Test Identification Parade was held at any stage and therefore, identification of the accused for the first time in the Court by PW-3- complainant Surender Singh is of no avail, particularly when he has not specified, as to which of the four accused out of the accused facing trial, had abducted him.

13.6 Learned counsels further contend that entire prosecution case is based on the disclosure statements suffered by the accused and the recoveries based thereon. In this regard, attention is drawn towards the fact that all the witnesses examined by the prosecution are police officials, except PW-4 Dr. Sarita, who is the medical officer. No independent witness was joined at any stage of investigation, either at the time of interrogating the accused or recording their disclosure statements or at the time of effecting recovery or at the time of preparing demarcation memos allegedly at the instance of the accused.

13.7 Still further, it is argued that recovery of some currency notes only is shown to have been effected from accused Khalid son of Shahid Ahmad,

CRA-S-588-2019 (O&M)	2024:PHHC:001802

Hayyum and Aabid, without connecting the recovered currency notes with the notes allegedly withdrawn by the accused from the ATM from the account of the complainant. Here also, attention is drawn towards the fact that though as per the complainant, accused had withdrawn money by using his ATM card after asking his password and as per the investigation based on the disclosure statement, ₹16,000/- was withdrawn from ATM of HDFC Bank Hathin, still no effort was made to collect the bank statement pertaining to the account of the complainant or as to when the money was withdrawn and whether the money at all was withdrawn or not. It is further argued that in case money had been withdrawn from ATM of a bank, the face of the person withdrawing the money must have been captured by the CCTV installed in the ATM of the bank but there is no effort on the part of the investigating agency to collect the CCTV footage. It is argued that in these circumstances, the recovery of money from the three accused is clearly plantation.

13.8 Learned counsels further contend that though two mobile phones of complainant are alleged to have been taken away by the abductors, out of which recovery of one of the mobile is shown from accused Khalid son of Hanif but there is no corroborative evidence as to whether the mobile phone of make Samsung allegedly recovered from accused Khalid son of Hanif is the same mobile, which was taken away from the complainant, as no call detail records have been collected to show that the mobile of the complainant and the

recovered mobile had the same International Mobile Equipment Identity i.e. IMEI number.

13.9 Learned counsel representing accused Saleem and Surrender also made specific mention of the fact that no recovery whatsoever has been effected from these two accused and that case against them is built up by the prosecution only on the basis of their alleged disclosure statements or the disclosure statement of co-accused, all of which were recorded during police custody.

13.10 Regarding the role of accused Islamuddin, learned senior advocate representing the said accused points out towards the statement of PW-8 ASI Ajit, who admitted that as per his investigation, said accused did not participate in the abduction of the complainant. Recovery of the Swift car of the complainant is shown from the said accused. In this regard, learned senior counsel has drawn attention towards the testimony of recovery witnesses to the effect that car was recovered from an open place in the parking of a theatre, which was accessible to all and therefore, it cannot be stated that recovery place was to the exclusive knowledge to the accused. Further attention is drawn towards the fact that though the recovery of car from this accused has been projected from Alipur (U.P.), which as per PW-8 ASI Ajit Singh is at a distance of 800 Kms from Gurugram but still no official from the local police station was joined in the recovery nor was informed about the recovery nor any

photograph of the place of recovery was taken nor any person from the locality was joined at the time of effecting recovery nor any receipt of any toll plaza falling on way from Alipur to Gurugram is produced and therefore, recovery is a complete plantation.

13.11 With all the above submissions, learned counsels appearing for all the six appellants, have prayed for their acquittal by allowing these appeals.

Contentions by State:

14. Learned State counsel, opposing all the appeals, has defended the impugned judgment of conviction. Learned State counsel points out that at no stage, occurrence has been denied by any of the accused- appellants. The statement of PW-3 complainant- Inspector Surender Singh finds corroboration from the medical evidence, inasmuch as two injuries were found on his person, one on the eye and other on the lips, as was stated by him. Still further, it is argued that there was no reason for the complainant- Insp. Surender Singh to falsely implicate any of the accused, in the absence of any animosity. It is further argued that if any omissions or lapses had been left by the investigating agency, that cannot be a reason to disbelieve the statement of the complainant. Learned State counsel argues that learned Trial Court has considered all the points in detail and has rightly recorded the conviction. Attention is also drawn towards the fact that all the accused have criminal antecedents. With these submissions, prayer is made for dismissal of all the appeals.

15. I have considered submissions of both the sides in depth and have appraised the entire record.

Analysis by this court & Finding:

16. In his initial statement Ex.P4 made to the police on 01.07.2016, on which FIR Ex.P2 is based; as well as in his testimony as PW-3 during trial, complainant- Insp. Surender Singh has disclosed about the participation of four miscreants only, who abducted him in his own car, caused injuries to him, kept him in their confinement, withdrew money through his ATM card, took away his two mobile phones and then released him at about 09:00 p.m. At no stage, PW-3 Insp. Surender Singh disclosed about the participation of more than 04 persons in the crime. However, prosecution has built up its case against as many as 09 accused, out of which 07 were sent for trial, whereas 02 namely Faku son of Ashu, and Liyakat son of Subhan Khan both residents of Nimka (Nuh) are yet to be arrested. Since complainant stated about the role of 04 miscreants only, so it becomes very important to know as to whether those 04 miscreants are included within the 09 accused against whom the prosecution has built up its case and if so, which are those four miscreants.

17. Basing its investigation largely upon the disclosure statements of the 07 arrested accused, prosecution has projected that it is accused Aabid, Hayyum, Khalid son of Shahid Ahmad, and Khalid son of Hanif, who had

abducted the complainant, gave injuries to him, took him to the jungles, put him in the Diggy of the car and kept him in their confinement. It is further projected by the prosecution that accused Saleem and Surender were leading the Swift car in which the abduction had taken place by moving their Scorpio vehicle ahead of the Swift car. It is further projected that it is on the direction of accused Islamuddin that all these six accused had come to Gurugram to commit the looting incident, though accused Islamuddin himself did not come to Gurugram to participate in the crime. It is further projected that when the above-named six accused (two in the Scorpio vehicle and four in the Swift car along with the complainant) reached at an abandoned brick kiln in Village Nimka, then on the calling of accused Surender, accused Liyakat son of Subhan Khan, Faku son of Ashu and Islamuddin had reached there, to whom the entire story of abduction of police official was told and then, Islamuddin had taken away the Swift car belonging to the complainant.

18. It is in light of aforesaid projection of prosecution case that is required to be seen as to whether prosecution has been able to establish the case against all or any of the accused and if so to what extent.

19. Although there are certain material lapses/omissions in collecting the evidence regarding reporting to the police about the abduction of PW-3 Insp. Surender as pointed out by counsels for the appellants but still the statement of the said PW-3, as far as occurrence is concerned, cannot be

disbelieved. The material issue to be considered is about the connection of the accused with incident. In other words, whether the prosecution has been able to link all or any of the accused with the crime.

20. As per statement of PW-3 Insp. Surender, he was going to the office of DSP East at about 12:00 noon on 30.06.2016 in his private car bearing No.HR-19F-0220 (Swift VDI), when on the service lane towards Galleria market, he noticed four suspected youths. As admitted by PW-3, he is unable to tell as to whether any entry in the Daily Diary register was made regarding his departure from the police station on 30.06.2016. PW-5 P/SI Shahid Ahmad, who took up the initial investigation by recording the statement Ex.P4 of the complainant, lodging of the FIR Ex.P1, taking the complainant to the hospital for his medico-legal examination and also prepared rough site plan Ex.P8 of the place from where abduction took place, admitted in his cross-examination that if any police official makes movement from the police station, an entry is recorded in the DDR. PW-10 Insp. Raj Kumar, who carried forward the investigation after PW-5, admitted that he did not collect any DDR of the Police Station Sector-29 regarding movement of SHO Surender Singh.

21. Apart from the absence of any DDR coming on record regarding the movement of Insp. Surender Singh from Sector-29 police station on 30.06.2016, there are contradictions as to when the said abduction came to the notice of the police. PW-5 P/SI Shahid Ahmad says that he came to know about

the abduction of complainant only on 01.07.2018, when complainant came to the police station at about 12:00 noon and got recorded his statement. Quite contrary to this, PW-8 ASI Ajit, the later Investigating Officer says that they had come to know about the abduction of SHO on 30.06.2016 itself at about 11:00-12:00 noon, as the VT messages were being flashed on the police wireless set and whole police of District Gurugram was searching for the SHO. PW-10 SI Raj Kumar also says that he had come to know about the abduction on the same day. He has gone to the extent that the news of abduction of the SHO was being even flashed on You Tube. Despite all this, not even any Daily Diary entry was made in the relevant register regarding the abduction of Insp. Surender Singh on 30.06.2016 and thus, the first version on the police record came only on 01.07.2016, when complainant got recorded his statement Ex.P4 at about 12:00 noon on that day.

22. As per PW-3, he was released at about 09:00 p.m. at a lonely place, 10-12 Kms ahead of the Hodal city towards Kosi Kalan area and that by taking a lift from a motorcycle, he reached National Highway, Mathura Road and then with the help of private vehicles, came to Gurgaon in the late night. Though, considering the trauma which he had faced on 30.06.2016, the statement of PW-3 may be accepted by this Court with a pinch of salt but considering the fact that complainant himself is a senior police official of the Inspector rank and at the time of his release, he was in police uniform & having only two simple

injuries, one on the eye and other on the lips, there is no evidence that he made any attempt whatsoever to contact his family members or any police officials of the police station or any senior police officer after his release by the miscreants, when he reached the National Highway with the help of a motorcyclist. Though his two mobiles had been taken away by the miscreants as stated by him, but he could have made efforts to take the help of either the motorcyclist or by going to a petrol pump on the highway or of the person on whose private vehicle he reached Gurgaon, to contact any of the family member or police officer.

23. Despite the aforesaid lapses, let the statement of PW-3 Insp. Surender Singh be taken at its face value, as far as the incident of his abduction is concerned, by ignoring the factors that no DDR regarding his movement was made in the register, nor any DDR was recorded regarding his abduction despite the said fact having coming to the notice of police on 30.06.2016 itself and that he did not inform anybody after being released.

24. Proceeding further, crime took place on 30.06.2016. FIR was lodged on 01.07.2016. The first arrest was made by the investigating agency on 29.07.2016, when three accused namely Khalid son of Shahid Ahmad, Aabid and Hayyum were arrested by Insp. Raj Kumar PW-10 on the basis of secret information. As has come in the cross-examination of PW-10, he did not know any of these accused nor they were figured in the investigation till 29.07.2016. He also says that these accused were apprehended at about 04:00 p.m. At the

same time, he further says that these accused were arrested on the basis of footage installed at ATM machine, Hathin.

25. The abovesaid statement of PW-10 Insp. Raj Kumar implies that when these three accused were arrested by him, he had seen them in the footage at ATM machine, Hathin. By that time, neither the disclosure statements of any of these three accused had been recorded, nor they had disclosed anything regarding withdrawal of any amount from any ATM machine at Hathin. In these circumstances, it is not explained by the prosecution, as to how on the basis of appearance in the CCTV footage at ATM machine, the three accused were connected with the crime, prior to recording their disclosure statement.

26. The abovesaid statement of PW-10 Insp. Raj Kumar has another implication. The disclosure statements by accused Khalid son of Shahid Ahmad, Aabid and Hayyum (Ex.P43, Ex.P44 & Ex.P45) were suffered on 29.07.2016, in which it was disclosed by them that after reaching the Village Swamika, they had put the police official in the Diggy of the car, snatched his purse, asked the password of ATM card and then Khalid son of Shahid Ahmad & Aabid went to ATM at Hathin and withdrew ₹16,000/-. Meaning thereby, it is for the first time that police come to know on account of these disclosure statements that money of ₹16,000/- was withdrawn by using the ATM card of complainant at Hathin. However, it is on 31.07.2016 that accused Aabid and Hayyum identified the ATM, from where they had withdrawn the money as is

evident from demarcation memo Ex.P26 and the site plan of that place as Ex.P36. So, it remains a mystery as to how PW10 came to know about ATM footage on 29.7.2016, on the basis of which he arrested the three accused.

27. Still further, once the investigating agency came to know that ATM card of the complainant was used so as to withdraw the amount of ₹16,000/- by two of the accused, whether any effort was made to corroborate this version of the accused. The answer to this question is a big NO. Firstly, there is no evidence at all that any official from HDFC Bank, Hathin was associated in the investigation. There is no effort to collect the bank statement of the complainant Insp. Surender Singh as to whether ₹16,000/- or any other amount had been withdrawn from his bank account through ATM on 30.06.2016 and if so, at what point of time. There is no evidence to show any effort on the part of the investigating agency to collect the CCTV footage of the ATM, which must have captured the faces of the persons, who had withdrawn the money by using the ATM card of the complainant.

28. In fact, except for the disclosure statement made by the accused, there is absolutely no corroboration that any amount was even withdrawn from the bank account of the complainant through any ATM card. This is a big lapse and omission on the part of the investigating agency, which is fatal to the prosecution. In the absence of any material, corroborating the facts disclosed in disclosure statements of the accused, that portion of disclosure statements

becomes inadmissible. Simply because a new fact has been disclosed by the accused in his disclosure statement is not sufficient to make that disclosure admissible unless that discovery of fact is corroborated by some evidence. In this case, the fact disclosed by the accused that they had withdrawn ₹16,000/- from the ATM of HDFC Bank at Hathin is not at all corroborated. In the aforesaid circumstances, the statement of PW-10 Insp. Raj Kumar to the effect that accused Aabid, Hayyum and Khalid son of Shahid Ahmad were arrested on the basis of footage of the CCTV of ATM, is absolutely not reliable.

29. Further, as noticed above that initial arrest was of three accused Khalid son of Shahid Ahmad, Aabid and Hayyum on 29.07.2016 i.e., almost after one month of the incident. None of the accused had been named in the FIR. There was no certain description of the miscreants in the FIR. These accused in their disclosure statements had told about the role of nine accused including themselves. In these circumstances, it had become very essential for the investigating agency to get the three accused as arrested on 29.07.2016, identified from the complainant as to whether they were amongst abductors or not. There is no evidence at all that any Test Identification Parade was ever conducted; or any effort was made to get the three accused as initially arrested, identified from the complainant.

30. Although this Court is conscious of the fact that holding of a Test Identification Parade during investigation is not a *sine qua none* to connect an

accused with a crime to establish identity but it depends upon facts and circumstances of each case as to whether the step of conducting TIP was necessary or not. In the present case, as the complainant specified the role of only four miscreants in his abduction, confinement, taking away the purse and mobiles etc, so it was very essential to establish the identity of those four miscreants.

31. In his entire testimony, PW-3 complainant Surender Singh has not disclosed the role of more than four miscreants in the crime. At the time, when statement of PW-3 Insp. Surender was being recorded in the Court, six accused were facing trial out of seven challaned by the police, inasmuch as accused Hayyum had been declared proclaimed offender. PW-3 in very generic terms stated in his testimony that all the accused are present in the Court, without specifying as to which of the accused had abducted him, as he had disclosed the role of only four miscreants in the crime as mentioned above.

32. Considering the above circumstances, the observation of learned Trial Court to the effect that TIP was not necessary and that identification of the accused for the first time in the Court is admissible, cannot be accepted.

33. Moving further, based on the disclosure statement of accused Khalid son of Shahid Ahmad, Hayyum and Aabid, recovery of money only has been effected from these accused vide separate recovery memos prepared on 31.07.2016. ₹2,600/- were recovered from accused Khalid son of Shahid

Ahmad vide recovery memo Ex.P29. ₹2,700/- were recovered from accused Hayyum vide recovery memo Ex.P28 and ₹2,200/- were recovered from accused Aabid vide recovery memo Ex.P30. These recovery memos have been proved by the statements of PW-10 Insp. Raj Kumar. Statements find probabtion from PW-9 HC Abhilash, the recovery witness. However, there is no connecting evidence, as to whether the currency notes as recovered from the possession of accused Khalid son of Shahid, Hayyum and Aabid is part of the money, which was allegedly withdrawn from the bank account of the complainant by using his ATM card. So much so, even the withdrawal of money from the bank account of the complainant is not proved as has already been discussed.

34. In all the aforesaid circumstances, it is held that conviction of the accused Khalid son of Shahid Ahmad, Hayyum and Aabid based on the recovery of currency notes or on the basis of identification by PW-3, cannot be sustained.

35. Coming to the role of accused- appellant Khalid son of Hanif, he was arrested on 01.08.2016 by ASI Ajit PW-7 and on interrogation, he suffered disclosure statement Ex.P-14 on the same lines as the earlier three arrested accused and that he had taken away the two mobiles, one of make Samsung and other of make Nokia belonging to the complainant Insp. Surender which he had concealed at his house. On 02.08.2016, he suffered a supplementary disclosure

statement Ex.P-44 to the effect that in fact, one of the mobiles being in damaged condition had been thrown by him on the way and that he had concealed only one mobile. Pursuant to that disclosure statement, recovery of a mobile phone make Samsung, apart from an amount of ₹1,500/- was effected at his behest on 02.08.2016 and the same were taken into possession vide recovery memo Ex.P-16.

36. The evidence against accused Khalid son of Hanif is different from the earlier three accused i.e., Aabid, Hayyum and Khalid son of Shahid Ahmad only to the extent that from those three accused, recoveries of currency notes only was effected; whereas, from the said accused Khalid son of Hanif, apart from currency notes of 41,500/-, a mobile phone make Samsung of complainant Surrender is also alleged to have been effected. His identification for the first time in the Court made by PW-3 Insp. Surrender is highly doubtful for the same reasons, as have been discussed above *qua* the three accused Khalid son of Shahid Ahmad, Hayyum and Aabid. Similarly, the recovery of ₹1,500/- from him cannot be stated to be connected with the crime for all the reasons as discussed earlier.

37. Coming to the recovery of mobile of make Samsung, the recovery memo Ex.P16 would reveal that it contains specific IMEI No.353508076831325101 and 383509076831323/01, which were mentioned on the recovered mobile. In order to connect the accused with the crime on the

basis of this recovery of the mobile, it is essential for the prosecution to prove that recovered mobile is the same, which was taken away from the complainant; or in other words that the recovered mobile belongs to the complainant. However, prosecution has utterly failed to prove the said fact.

38. It is important to notice that in his statement Ex.P4, which is the basis of FIR Ex.P1, it is specifically disclosed by the complainant that the mobile phones which were taken away by the miscreants were Nokia having sim No.9711803872; and Samsung having sim No.9999981822. Neither in the FIR nor in his testimony before the Court, complainant gave unique identification numbers i.e., IMEI number of the two mobiles, which were taken away from him. There is nothing on the record to show that any effort was made during investigation to collect any bill, receipt or any other document to show that the mobile of make Samsung as recovered from the accused Khalid son of Hanif with specific IMEI Number belonged to the complainant.

39. There can be thousands and thousands of mobiles of make Samsung but every mobile has its distinct unique IMEI Number. Simply because one of the mobiles taken away from the complainant was of make Samsung and that a mobile of make Samsung has been recovered from the accused Khalid son of Hanif, it cannot be stated that recovered mobile is the same, which had been taken away from the complainant.

40. Let it be assumed that IMEI number of the mobile of the

complainant was not available for any reason whatsoever, the investigating agency at least could have made an effort to collect the call detail records of the two SIM numbers, which were inserted in the two mobiles of the complainant, which had been taken away by the miscreants. Had the call detail records been collected by the investigating agency, it could have established the link, as to whether the Samsung mobile of a particular IMEI number as mentioned in the recovery memo Ex.P16 was ever used for same numbers 9711803872 or 9999981822 belonging to the complainant. In the absence of any call detail records, it cannot be stated that the two sim numbers as disclosed by the complainant in the statement Ex.P4 /FIR Ex.P1, were ever used at any point of time in the mobile, as recovered from accused Khalid son of Hanif and so, it cannot be stated that recovered mobile belonged to the complainant.

41. Apart from the fact that collection of the call detail records could have produced the link of the recovered mobile with the mobile taken away by the miscreants, the said CDR could have also shown the location of the complainant on the fateful day of 30.06.2016, as to at what point of time and at what particular place, he was kidnapped and at what places and at what times, he was taken by the miscreants. Thus, a vital piece of evidence, which could have gone a long way to establish the guilt of the accused, has not been collected by the investigating agency.

42. In the aforesaid circumstances, it is held that prosecution has not

been able to establish its charges against accused Khalid son of Hanif, who deserves to be given strong benefit of doubt. As such, its conviction as recorded by the Trial Court cannot be sustained.

43. Coming to the role of accused Surrender and Saleem, they are on the same footing. As per the case projected by the prosecution, they were moving in a Scorpio vehicle, ahead of the Swift car of the complainant, in which the complainant had been kidnapped by the four accused. As per prosecution, these two accused remained present till the place, where the complainant was released at about 09:00 p.m. However, in his entire testimony, PW-3 Insp. Surrender has not stated that there were more than four miscreants in the crime, as has already been noticed. There is nothing in the testimony of PW-3, who is not a simple layman and rather, a senior police official that he noticed any Scorpio vehicle moving ahead of the Swift car, at any point of time. Although he was put in the Diggy of the Swift car but it was after moving for about 02 hours and after reaching Village Swamika as per the disclosure statement of the accused relied by the prosecution. In the FIR also, it is clearly stated by complainant that after about two hours of the movement of the car in which he was abducted, they put him in Diggy of the car after reaching in a jungle. For about two hours, when he was inside the car or when he was being shifted in the diggy or when he was taken out of the Diggy at about 08:00 p.m. at the place of his release, he must have noticed the Scorpio vehicle, in case it

was present there occupied by accused Surender and Saleem. There is no such evidence. So much so, in the entire prosecution case, neither the registration number of the Scorpio vehicle has come on record nor there appears to be any effort whatsoever to recovery any such Scorpio vehicle.

44. Further, it is admitted case of the prosecution that no recovery whatsoever has been effected from these two accused Saleem and Surender. They were joined in the investigation after obtaining the production warrant, as they were already in custody in some other case. They were arrested in this case on 16.02.2017 and their disclosure statements Ex.P9 and Ex.P10 were recorded by PW-8 ASI Ajit Singh as deposed by him, which are supported by PW-6 ASI Umar Mohd. and PW-7 Ct. Mohd. Salim. The said disclosure statements were recorded in the Court compound, Gurugram without joining any independent witness. The facts as disclosed in the disclosure statement of the co-accused had already come to the notice of the police. The places of crime, which have been demarcated by these two accused had already come to the notice of the investigating agency. In all these circumstances, there is no evidence admissible in law against any of these two accused Saleem and Surender and as such, their conviction as recorded by the Trial Court cannot be sustained.

45. Coming to the role of accused Islamuddin, as per the own case of the prosecution, he did not participate in the crime of abduction of PW-3 Insp. Surender. It has been alleged that it is at his behest that the crime was

committed and that after reaching at abandoned brick kiln, said Islamuddin along with Fakru and Liyakat had arrived and then said Islamuddin had taken away the Swift car belonging to the complainant, which was later on recovered on 07.02.2016. Disclosure statement of accused Islamuddin Ex.P-14/1 is proved by PW-7 ASI Ajit and his statement finds corroboration from PW-7 Constable Mohd. Salim. They have also proved recovery memo of the car as Ex.P-15. The recovery is stated to have been effected from Alipur in U.P.

46. As has come in the testimony of PW-7 EHC Mohd. Salim, one of the recovery witness, the car was lying parked in an open place near Manas Theatre, Ali Nagar (U.P.). There are many shops around that place. As per him, local police was joined but did not sign the recovery memo. He also admits that no independent witness was joined at the time of recovery. PW-8 Insp. Ajit, the IO at that time also admitted that car was lying parked in the open. He further says that the distance between Gurugram and Alinagar is 800 Kms. and that he drove the car to Gurugram. He admits that he cannot produce any receipt regarding any toll plaza falling in between. He admits that there is no evidence of any entry made in the local police station of Alinagar, from where recovery was effected. So much so, he admits that no information was given to the local police about the recovery.

47. In the aforesaid circumstances, when the recovery of the car has been effected from an open place i.e., in the parking area of a theatre, which is

accessible to anyone, it cannot be stated that car has been recovered on account of the exclusive knowledge of accused Islamuddin. As such, conviction of accused Islamuddin based on the recovery of car, cannot be sustained.

48. On account of entire discussion as above, it is held that though occurrence as narrated by PW-3 Surrender in complaint Ex.P4/FIR Ex.P1 has been proved by the prosecution but it has utterly failed to prove connection of any of the accused- appellants with the crime by leading any cogent or admissible evidence in law. All the six accused- appellants deserved to be given the strong benefit of doubt.

49. Consequently, all the six appeals are hereby accepted. All the accused- appellants are acquitted by giving them strong benefit of doubt. The appellants, who are in custody, are directed to be released forthwith, in case they are not required in any other case.
