**ORDER**

**11.11.2024**

%

1. Counsel for petitioner seeks to withdraw the present petition with liberty to seek remedy at a subsequent stage.
2. However, there is one issue of concern that cognizance has still not been taken on the chargesheet which has been filed on 07<sup>th</sup> November 2023.
3. Apparently, this is since the FSL report dated 08<sup>th</sup> March 2024 noted that the alleles generated from the product of conception was *biologically related* to the alleles generated from the blood of the accused, the Trial Court referred the matter back to the FSL for a much more specific report. Awaiting the report of the FSL the Trial Court has not taken cognizance yet. As a result, the victim in this POCSO matter has also not been examined.
4. State shall take steps to communicate to FSL to expedite the

furnishing of the report as required by Trial Court on or before 01<sup>st</sup> December, 2024. The Trial Court will proceed in accordance with law thereafter.

5. Petition is dismissed as withdrawn. Liberty granted.
6. Copy of this order may, however, be produced before the Trial Court for information, with regards to the FSL report.
7. Order be uploaded on the website of this Court.
