1. The matter has been settled and the mediation report dated 08.07.2024 is on record.
2. The mediation report is signed on each page by the petitioner as well as the respondents. The settlement according to me is legal. Perhaps for this reason, nobody is appearing on behalf of the petitioner.
3. Binding the parties to the terms of the settlement, the petition is disposed of, granting liberty to revive in case any of the parties are in default of their obligations.
