Campus, Ranipet and he would be put into hardship both financially and physically if he had to attend the case instituted by the respondent at IX Metropolitan Magistrate, Saidapet.

(vi) The petitioner has no one to take care of him and he is living with his sister, the 2nd petitioner who is also a senior citizen aged 80 years and it is not possible for them to travel for every hearing.

3. A counter has been filed by the respondent denying the contentions of the petitioners. The respondent would submit that she is also a senior citizen aged about 72 years and having severe dysfunction of the pancreas, coupled with BP and varicose veins and she cannot stand for a long spells, despite which she attends the Court hearings regularly without fuss. The respondent would submit that the 1st petitioner is not admitted and hospitalised and they have obtained the interim stay by projecting a picture as if he has been admitted in the Vellore hospital on 13.02.2025. On one hand the petitioner states that

he is hospitalized and undergoing treatment, while on other hand on 29.01.2025 the 1st petitioner has settled his property to the 2nd petitioner and on the same day itself the 2nd petitioner has entered into a sale agreement with a third party. This clearly shows that the petitioner is not hospitalized and they are enacting a scene before this Court and their intention is to drag the proceedings.

4. Heard the learned counsels and perused the records.

5. The petitioner has filed the transfer petitions on the ground that he is a senior citizen and suffering from various ailments and hospitalised at Vellore. Therefore, he cannot travel from Vellore to Saidapet. The respondent resisted the said application contending that she is also a senior citizen and suffering from various ailments. Since the Court has to consider the convenience of the wife, the transfer petitions are dismissed. However, considering the request of the petitioners, their presence is dispensed with and they are permitted to appear online for adducing evidence. Consequently, the connected
