COMMON ORDER

(Order of the Court was made by S.M.Subramaniam J.)

Under assail is the common order dated 24.06.2024 passed in the batch of writ petitions.

2. All the writ petitions were dismissed by the learned Single Judge and the present intra court appeals are filed challenging the said writ order.

3. Mr.M.Santhanaraman, learned counsel appearing on behalf of the appellant in W.A.No.2982/2024 and Mrs.N.Fidelia, learned counsel appearing on behalf of the other writ appeals would mainly contend that there is no contract between the appellants and the Airports Authority of India. In the absence of any contract with the Airports Authority of India, the differential amount of royalty claimed by the Airports Authority of India in letter dated 21st July 2020 is untenable and therefore, the writ Court has erroneously rejected the writ petitions.

4. It is mainly contended that the appellants have entered into a contract with the respondent/companies, who in turn entered into contract with the Airports Authority of India. Both the contracts are independent and therefore, there is no direct contract between the appellants and the Airports Authority of India. Thus, if any such differential claim ought to have been claimed by the Airports Authority of India, it can be through the contractors, who entered into contract with the Airports Authority of India. Thus, the very claim directly made against the appellants by the Airports Authority of India is unsustainable. It is further contended that the agreed royalty amount has already been settled in favour of the Airports Authority of India. That being so, the present writ appeal is to be considered.

5. Dr.Xavier Arulraj, learned Senior counsel appearing on behalf of the Airports Authority of India assisted by Mrs.A.Arulmary would oppose by stating that as per the contract, the agreed royalty is to be directly paid to the Airports Authority of India. All along the appellants are paying the royalty to the Airports Authority of India and whenever a differential claim arises it will be

communicated to the parties directly by the Airports Authority of India. In the event of any dispute, they have to resolve the same either through arbitration or by approaching the competent Civil Court of law.

6. This Court is of the considered opinion that admittedly, it is a contractual obligation relating to payment of royalty to the Airports Authority of India. Though, there is no direct contract between the Airports Authority of India and the appellants, they have extended their services based on the contract with the private airlines. The services are to be provided in airport and the airport is controlled by the Airports Authority of India. On account of these factors, the royalty has been directly paid by this service companies to the Airports Authority of India. That being the practice prevailed now the appellants cannot turn around and say that the airports authority of India is not privy to contract.

7. In Any case, it is a disputed fact relating to payment of royalty. It requires an adjudication with reference to documents and evidences available on

record. On the one hand, the appellants say that they have settled the royalty as agreed; on the other hand, the airports authority says that they have calculated the differential amount of royalty to be settled and made a demand. The Airports Authority of India would submit that the appellants are aware about 32% of royalty which is to be settled from 2012 onwards.

8. May that as it be, these factors are to be adjudicated, which all are disputed. High Court in exercise of the powers of judicial review cannot conduct a roving enquiry in to the disputed facts relating to contractual obligations. The power of judicial review of the High court under Article 226 of the Constitution of India is to ensure the processes through which a decision has been taken in consonance with the statutes and rules in force, but not a decision itself. That being the scope of judicial review, such disputed facts cannot be adjudicated and in the event of any such adjudication, it will result in miscarriage of justice or prejudice would be caused to either of the parties.

9. This Court has gone in to the nature of dispute between the parties

which all are contractual in nature. The writ Court though considered certain facts finally dismissed the writ petition. However the dismissal of the writ petition would not preclude the appellant from adjudicating the issues on merits before the appropriate forum.

10. With the above findings, all the writ appeals are disposed of. No costs. In the event of approaching any such appropriate forum by the appellants, such forum shall decide the issues on merits, uninfluenced by the observations if any made by the writ Court in the order which is under challenge.
