Government Advocate,
for respondents 1 and 2

ORDER

(Order of the Court was made
by the Hon'ble Chief Justice)

This public interest litigation has been filed alleging that the private respondents have been encroaching upon *poromboke* land time and again.

2. The petition has been filed because the petitioner apprehends that again, the private respondents may proceed to encroach upon the land wherefrom they were earlier removed. A representation was made on 28.07.2025 to the authorities to take preventive action and thereafter, this petition has been filed. In paragraph 9 of the affidavit, it has been clearly stated that earlier, encroachment has been removed. The other averment made is that the private respondents are again trying to build a private temple/place the removed readymade constructed temple block in the encroached land.

3. It goes without saying that if at all any encroachment is made on a Government land, the same is required to be removed. We are of the view that this petition is quite premature. Only on an apprehension that the encroachment may again be made, this petition has been filed, after giving representation. In case any encroachment is made, it will be open for the petitioner to approach the authorities.

4. The petition stands dismissed. There will be no order as to costs.
