W.P.No.34537 of 2019

Executive Engineer, PWD., Namakkal dated 5.10.1999, for the Well

acquired in the petitioner's land comprised in Survey No.82/7 situate at Rasipalayam Village, Namakkal Taluk and District for formation of the Salem-Karur Broad Gauge Railway line within the stipulated time

For Petitioner : Mr.S.Senthil

For Respondents : Mr.D.Ravichander,
Special Government Pleader

ORDER

This writ petition has been filed to set aside the Memorandum dated 10.9.2019 of the 2nd respondent in O.Mu.56/2019 (A) and to direct the 2nd respondent to pay a sum of Rs.57,070/- as compensation, 30 percent Solatium and 12 percent additional amount together with interest for the Well, as per the Valuation Report of the Executive Engineer, PWD., Namakkal dated 5.10.1999, for the Well acquired in the petitioner's land comprised in Survey No.82/7 situate at Rasipalayam Village, Namakkal Taluk and District for formation of the Salem-Karur Broad Gauge Railway line within the stipulated time

W.P.No.34537 of 2019

2. The petitioner owned the land comprised in survey no.82/7

situated at Rasipalayam Village, Namakkal Taluk and District. In the said land, one irrigation well was in existence for irrigation purpose of the said land. While being so, the second respondent issued notification under Section 4(1) of Land Acquisition Act (hereinafter called as 'the Act') for formation of Salem-Karur Broad Gauge Railway line in Rasipalayam Village of Namakkal Taluk and District. Enquiry under Section 5 (A) of the Act was dispensed with in view of the urgency clause under Section 17(4) of the Act. Declaration under Section 6 of the Act was approved and published in the Government gazette. In order to determine the compensation, the land under acquisition was treated as manavari dry land by the second respondent and the value as compensation was determined at Rs.59,280/- per hectare. Accordingly on 31.01.2000, award No.29/1999-2000 vide Roc.26/98 Unit-II was passed. As per the award, no compensation was awarded for the well situated in the said land. Therefore, the petitioner made request for compensation, solatium together with interest for the well situated in the very same land. However, it was rejected on the basis of GO.Ms.No.952 Revenue Department dated 04.12.1998 issued on the basis of the order passed by the Hon'ble Supreme Court of India in the case of ***O.Janardhan Vs.***

3/8

W.P.No.34537 of 2019

Special Deputy Collector reported in (1994) 6 SCC 456. It is relevant to

extract the relevant portion of the said judgment hereunder:

“10.....Hence, the advantage which an agricultural land may have because of the irrigation facility it had from the irrigation well, could only enhance the value of agricultural land depending upon the water yield from the well. Again when the agricultural land, the irrigation of which was possible from the water of the irrigation well, is acquired, the value of the land so acquired will have to be determined taking into consideration the irrigation facility it had from the well. In this situation the irrigation well in an acquired agricultural land, cannot have a value apart from the value of the agricultural land itself....”

3. On the strength of the above judgment, the Government passed order in GO.Ms.No.952 Revenue Department dated 04.12.1998 thereby ordering that separate compensation needs to be paid to the irrigation wells which are situated in the agricultural lands acquired.

4. On perusal of the aforementioned judgment and the Government order, it is revealed that when the compensation was awarded to the agricultural land, taking into consideration the irrigation

W.P.No.34537 of 2019

facility, the irrigation well in such acquired agricultural land cannot have any value apart from the value of agricultural land. But in the case on hand, the petitioner's land cannot to be treated as agricultural land with irrigation facility. Therefore, by citing the Government order in GO.Ms.No.952 Revenue Department dated 04.12.1998, the claim of the petitioner was rejected. Further, the respondent treated the petitioner's land at par with other adjacent lands which were classified as dry land and the same have no irrigation facilities such as open well or borewell. Therefore, the above Government order is not applicable to the land which is classified as dry land.

5. Admittedly, the petitioner's land was compensated under the head of dry land. As per the award dated 31.01.2000, the subject land was treated as dry land for determining compensation. Therefore, the Government order is not at all applicable to the case on hand. Further, there is no separate classification as punjai land with irrigation facility or without irrigation facility in the Government order. The Hon'ble Supreme Court of India laid down that the compensation has to be awarded to the agricultural land taking into consideration the irrigation facility is

W.P.No.34537 of 2019

available in that land. However, the Government order is silent about the available irrigation facility in the form of well.

6. In view of the above, the impugned memorandum cannot be sustained and the same is liable to be set aside. Accordingly, the impugned Memorandum dated 10.09.2019 is set aside. The second respondent is directed to pay compensation, solatium together with applicable interest for the well situated in the acquired petitioner's land comprised in survey no.82/7 situated at Rasipalayam Village, Namakkal Taluk and District within a period of eight weeks from the date of receipt of this order.

7. With the above direction, this writ petition stands allowed. Consequently, connected miscellaneous petition is closed. There shall be no order as to costs.
