Post, Tirupur District and he has been regularly paying electricity bills for the past one year without any default or delay. The grievance of the petitioner is that as the electricity connection was disconnected by the respondents, without any prior notice or intimation, he has submitted a representation dated 19.08.2025 to the respondents requesting conversion of his temporary connection to permanent connection and restoration of the disconnected service, providing all the necessary supporting documents including property documents and Aadhaar card. Since the said representation has not been considered, the petitioner is before this Court.

3.Learned counsel for the petitioner would submit that though the petitioner has been paying regularly the electricity bills, the respondents disconnected the electricity service of the petitioner. Therefore, the petitioner has given a representation dated 19.08.2025 to the respondents requesting conversion of his temporary connection to permanent connection and restoration of the disconnected service. Now, the petitioner is willing to submit an application to the respondents requesting for fresh electricity connection. Therefore, the learned counsel for the petitioner prays for appropriate orders for getting fresh electricity connection within a specified

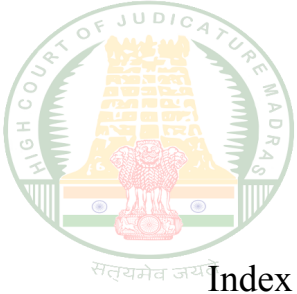

time frame.
