23.10.2006 registered vide Document No.1555 of 2006. Thereafter, the petitioner formed a road for the said land and sold out to an extent of 6.24 cents in favour of one Kanakaraj by the registered sale deed dated 22.01.2016 vide registered document No.182 of 2016. Subsequently, he also sold out another piece of land to an extent of 10.34 cents in favour of one Ramesh vide registered document No.183 of 2016. Now the petitioner had executed the settlement deed in respect of the remaining land admeasuring 6.24 cents in favour of his son 12.12.2024 and presented for registration. However, it was refused to register by the second respondent on the ground that there is a bar under Section 22-A of the Registration Act and the subject house plot requires regularisation.

4. Though the other house plots were sold, there is an amendment in the provision under Section 22-A of the Registration Act was inserted by the Tamil Nadu Amendment Act 2 of 2009 with effect from 20.10.2016. It is relevant to extract Section 22-A of the Act hereunder:-

Provided that the house sites without such permission may be registered if it is shown that the same house site has been previously registered as house site.

5. Though the proviso to Section 22-A(2) of the Act says that the house sites without such permission may be registered if it is shown that the same house site has been previously registered as house site, since the petitioners are the developers and it is the first sale, the proviso to Section 22-A(2) is not applicable to the case on hand. That apart, the Regularization of Unapproved Plots and Layouts Rules, 2017 (hereinafter referred to as 'the Rules') were made by G.O.(Ms)No.78, Housing and Urban Development [UD4(3)] Department, dated 04.05.2017. The Rule 3 of says about cut off date for considering the regularization of unapproved plots and layouts. It is relevant to extract Rule 3 hereunder:-

“3.Cut-off date for considering regularisation of unapproved plots and layouts.— Only those unapproved layouts where a part or full number of plots have been sold through a registered sale deed as on 20th October, 2016 shall be considered for regularization under these rules. Similarly, all plots including unsold ones are eligible for regularization in layouts where at least a part of the total number of plots have been sold through a registered sale deed as on 20th October, 2016. Individual plot in a sub-division registered by a sale or title deed as on 20th

October, 2016 shall also be eligible for regularization. As proof and evidence, the plot holder or the layout promoter is required to furnish copies of the sale deed or title deed for the plots sold. Agreement for sale or General Power of Attorney shall not be considered as evidence for proof of sale of plot.”

6. From the above, it is clear that all plots including unsold ones are eligible for regularization in layouts, where at least a part of the total number of plots have been sold through a registered sale deed as on 20.10.2016 and individual plot in a sub-division registered by a sale or title deed as on 20.10.2016 shall also be eligible for regularization. Therefore, the subject plot, which is now stopped for registration, is required for regularization. It is being the first sale, the judgment cited by the learned counsel for the petitioners is not applicable to the case on hand.

7. Therefore, the second respondent has rightly refused to register the settlement deed on the ground that there is a bar under Section 22-A of the Registration Act since the subject property is unapproved, it

requires regularisation and there is no illegality or irregularity in the order passed by the respondent and there is no interference is required in this regard.

8. Accordingly, the writ petition is dismissed. No costs.
